

# Meadow High School

## Achieving Together

## Keeping Safe Online, Coffee Morning

Calling all Meadow High School parents and carers with young people aged 10-19 to join us at our coffee morning.

We are holding a workshop to help parents and carers on keeping your child safe online. As a parent or carer, it can be difficult to navigate all the new platform and games, let alone talk to your child about online safety.

Whether they're gaming, chatting, posting or streaming we want to support parents to help keep children safe online.

Tuesday 11th February

9:30am to 11:00am

Meadow High School, UB8 3QU
