

50-50 LAB help information
for parents and carers.

Creating your free Parent or Carer account

Go To
5050sync.com

Scroll down to where it says: 'CLICK HERE TO SIGN UP FOR A FREE ACCOUNT NOW!' and tap the link

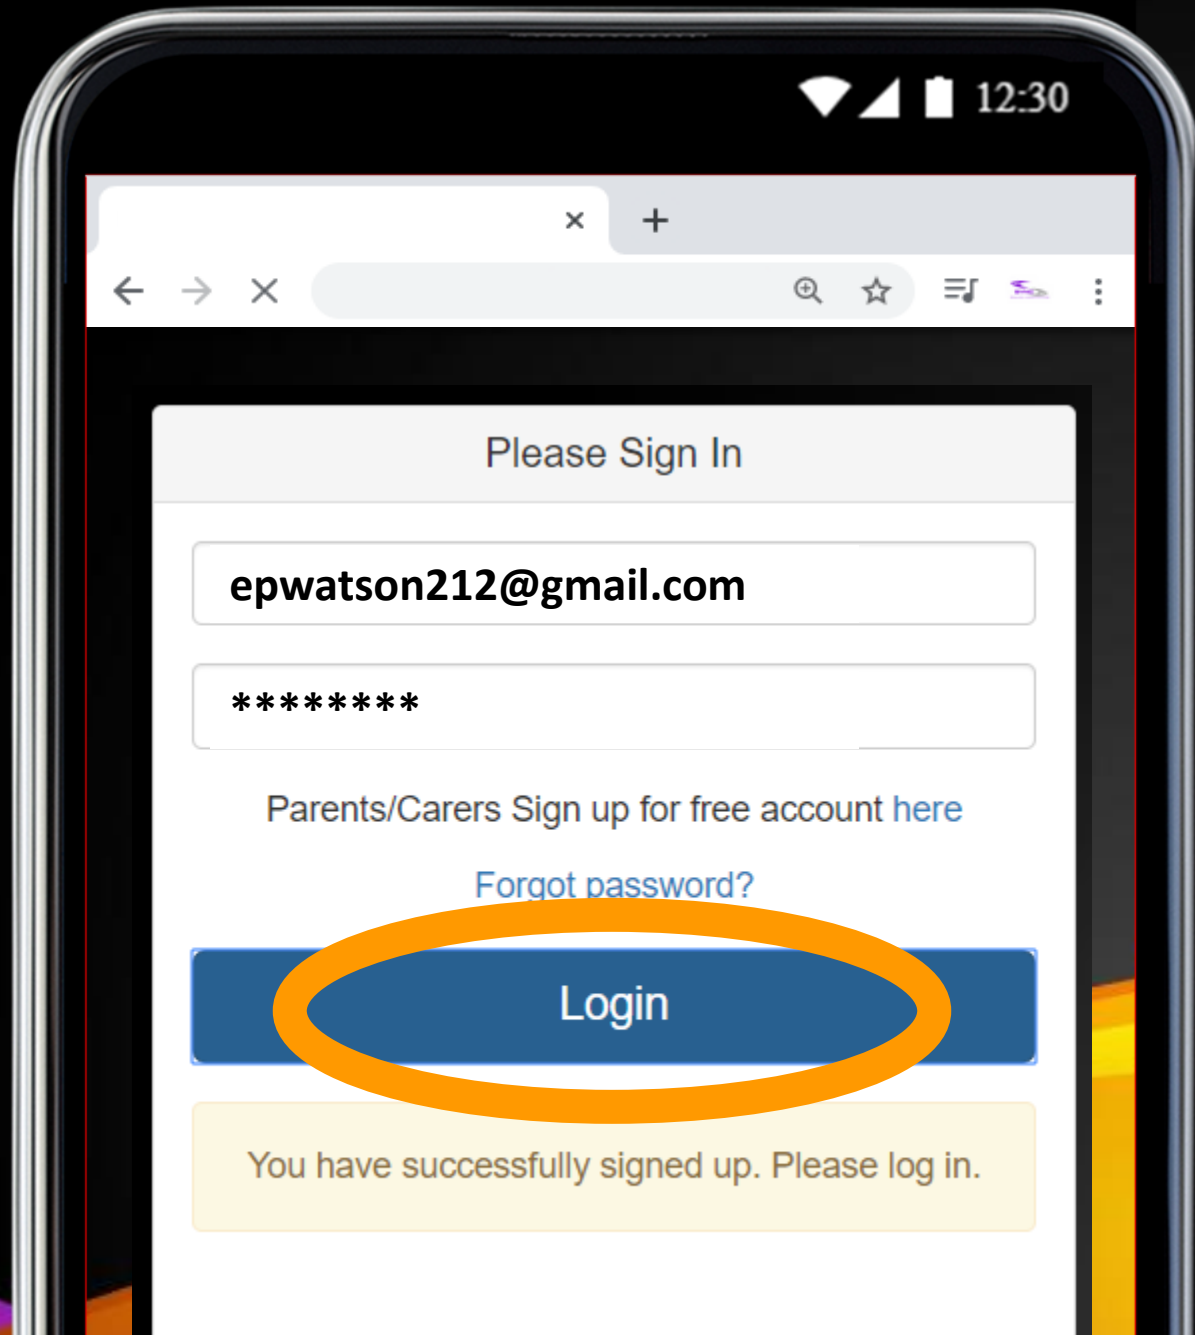

Type your
name, email,
choose a
password and
tap 'Register'

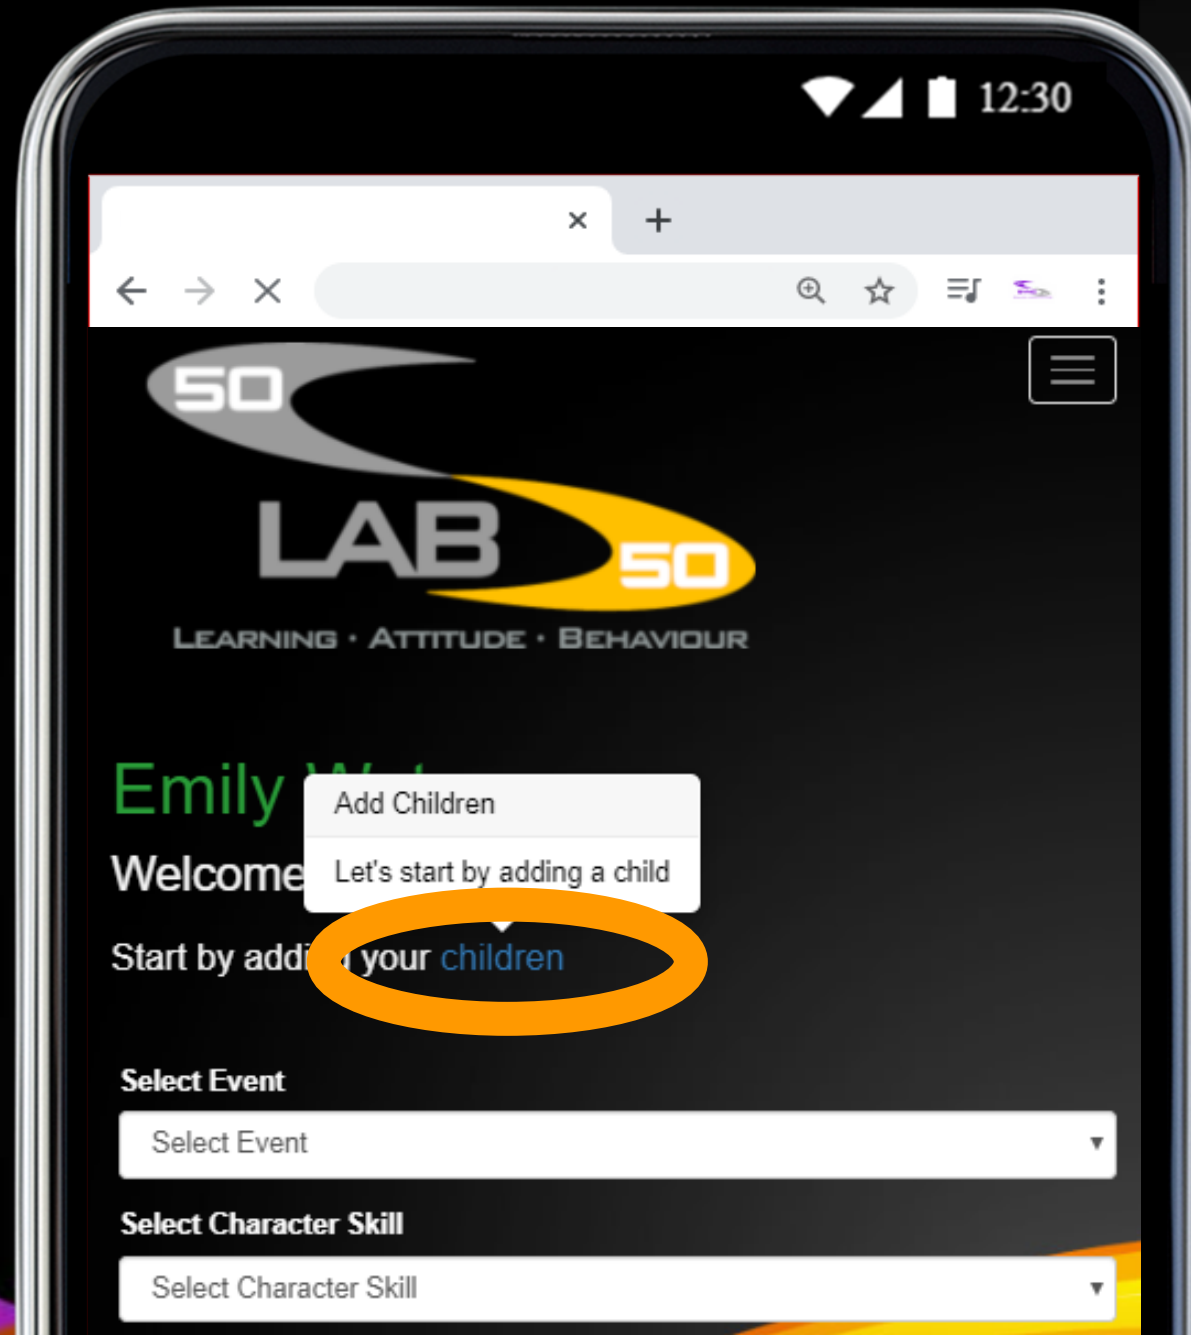

The image shows a smartphone screen displaying a registration form titled "Sign Up for Parent's Profile". The form has five input fields: a name field containing "Emily", a surname field containing "Watson", an email field containing "epwatson212@gmail.com", and two password fields, both containing "*****". At the bottom of the form is a blue button labeled "Register", which is highlighted with an orange oval. The phone's status bar at the top shows the time as 12:30 and icons for Wi-Fi, signal strength, and battery. The browser interface includes a back arrow, a forward arrow, a close tab 'x', and a plus sign to add a new tab. The address bar is empty, and the bottom navigation bar shows icons for search, star, music, and a menu.

Register

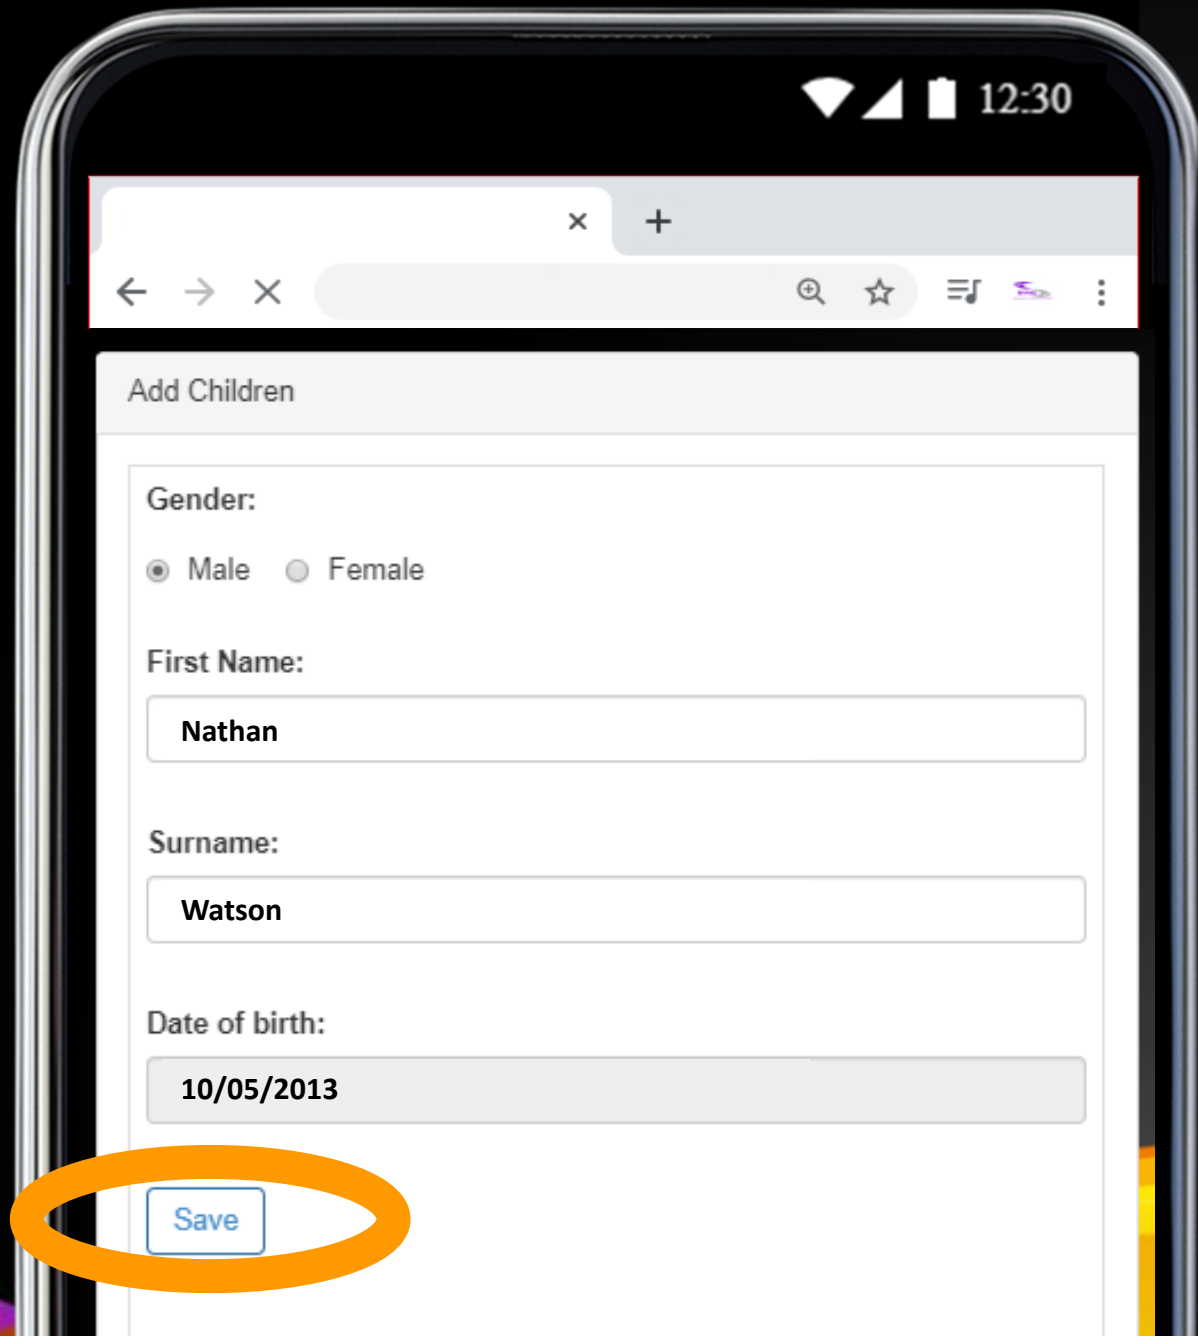

Sign in with
the email
address and
password you
just created.

It will now ask you to add a child. Tap the link.

Add your
child's details
and tap 'Save'.

The image shows a smartphone screen displaying a web browser interface. At the top, the status bar shows signal strength, Wi-Fi, battery, and the time 12:30. The browser's address bar is empty. Below the address bar, there are navigation icons: back, forward, close, search, star, music, and a menu. The main content area is titled "Add Children". It contains a form with the following fields: "Gender:" with radio buttons for "Male" (selected) and "Female"; "First Name:" with a text input field containing "Nathan"; "Surname:" with a text input field containing "Watson"; and "Date of birth:" with a date picker showing "10/05/2013". At the bottom of the form, there is a blue "Save" button, which is circled in orange.

Add Children

Gender:
 Male Female

First Name:
Nathan

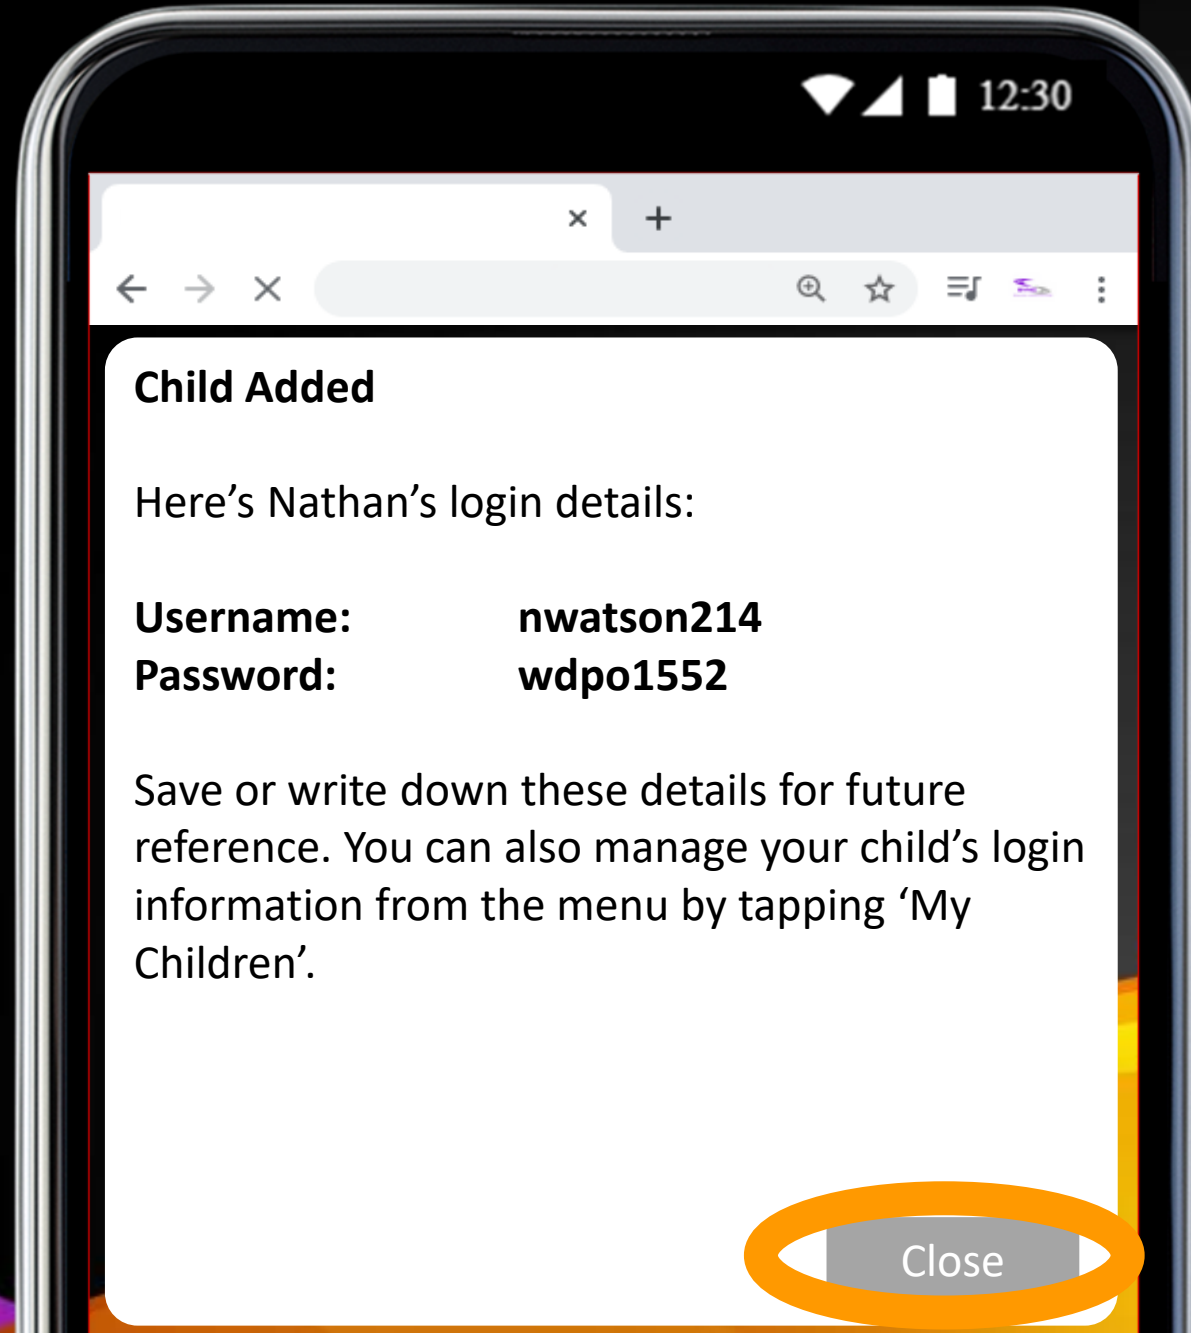

Surname:
Watson

Date of birth:
10/05/2013

Save

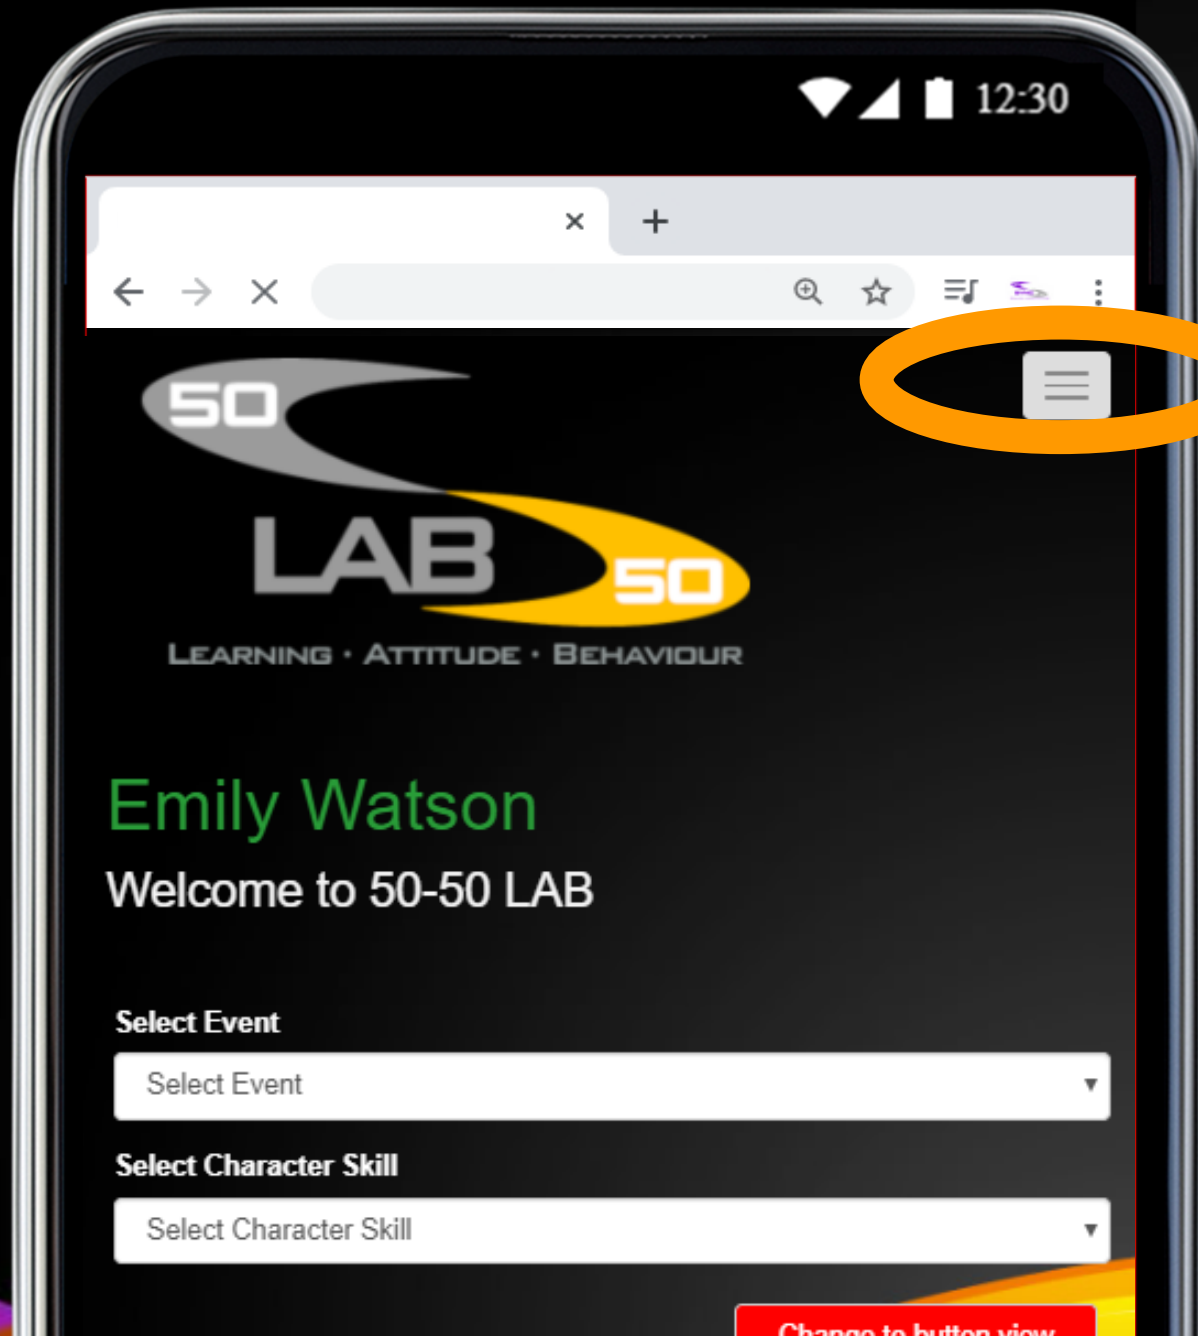

It will now tell
you your
child's login
details. Save
or write these
down.

Your child now
has their own
50-50 LAB
account too!

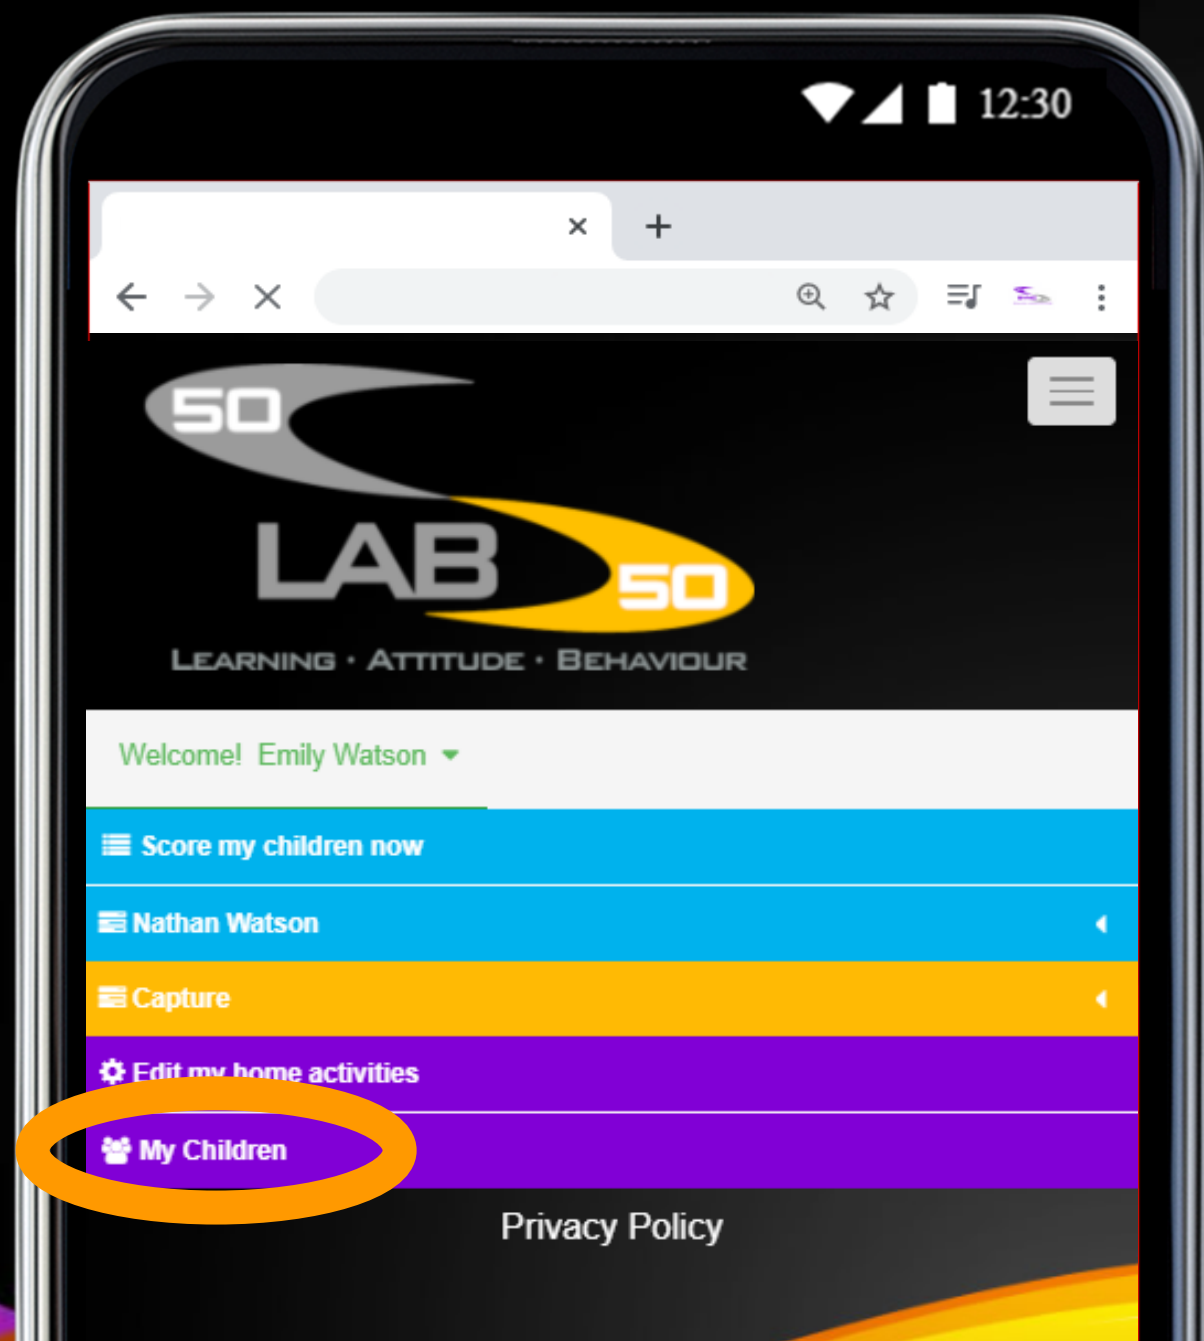

Close

Don't worry if you ever forget those details. You can see and manage your child's login information by tapping the menu icon...

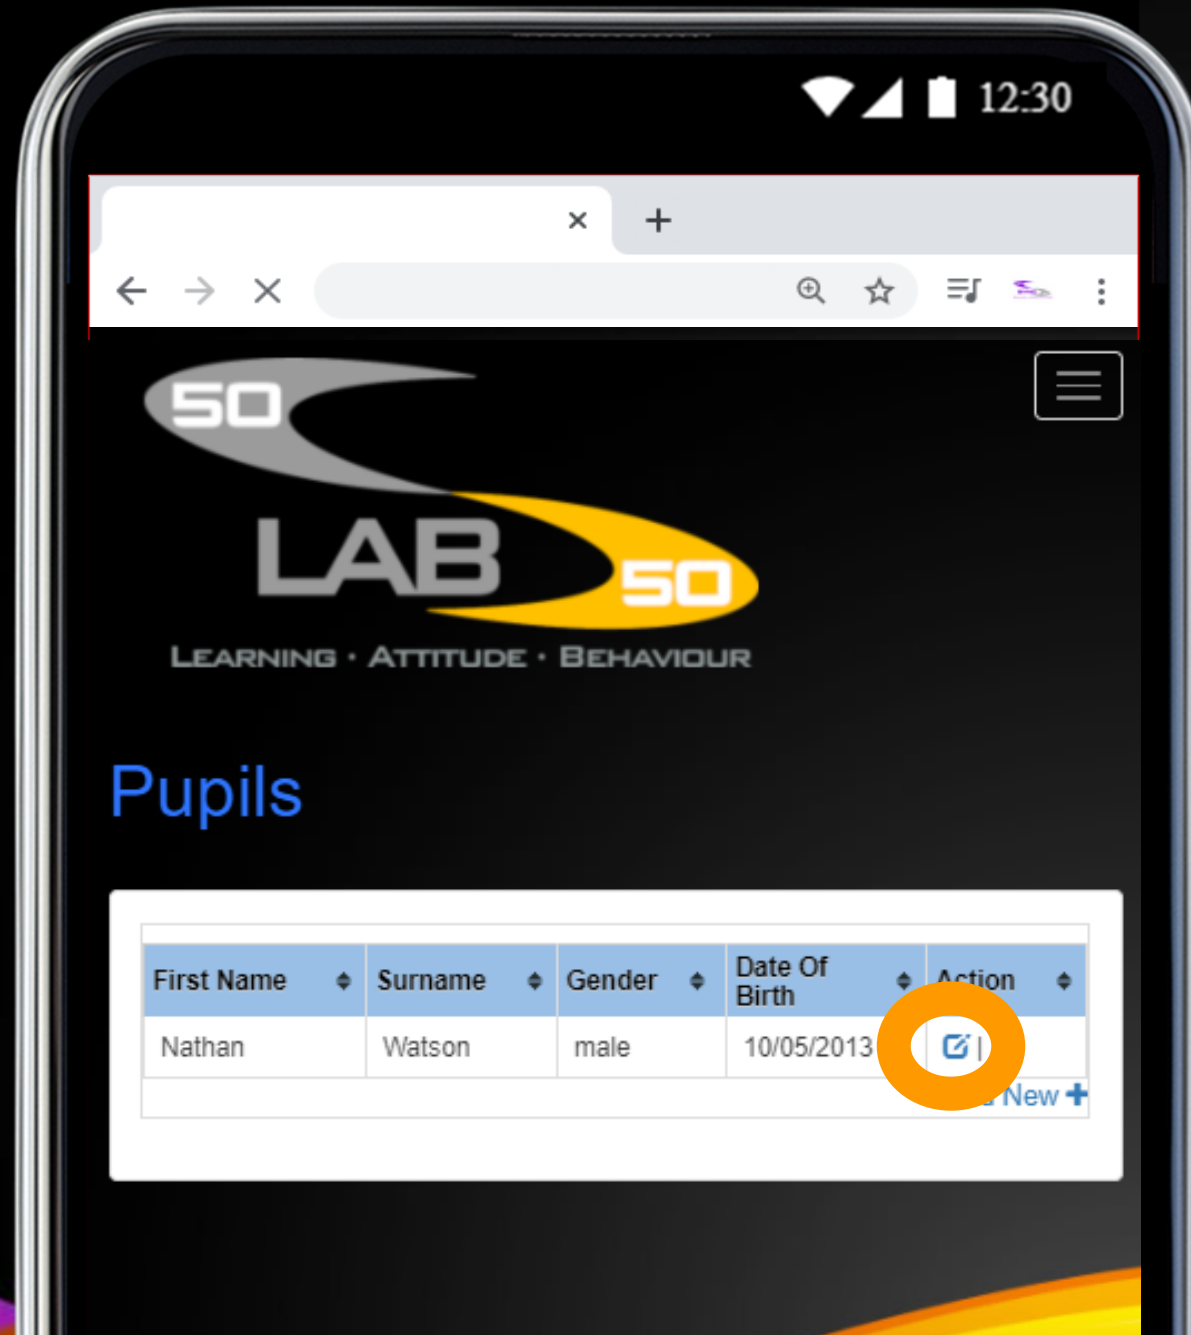

...and then tap
'My
Children'...

...Here you will see a table containing all the children you've added to 50-50 LAB.

Tap the edit icon next to a child to edit their details.

You can edit
their
username,
password and
other
information
from this
screen.

Changes to nwatson2007 Profile

Scoring your child

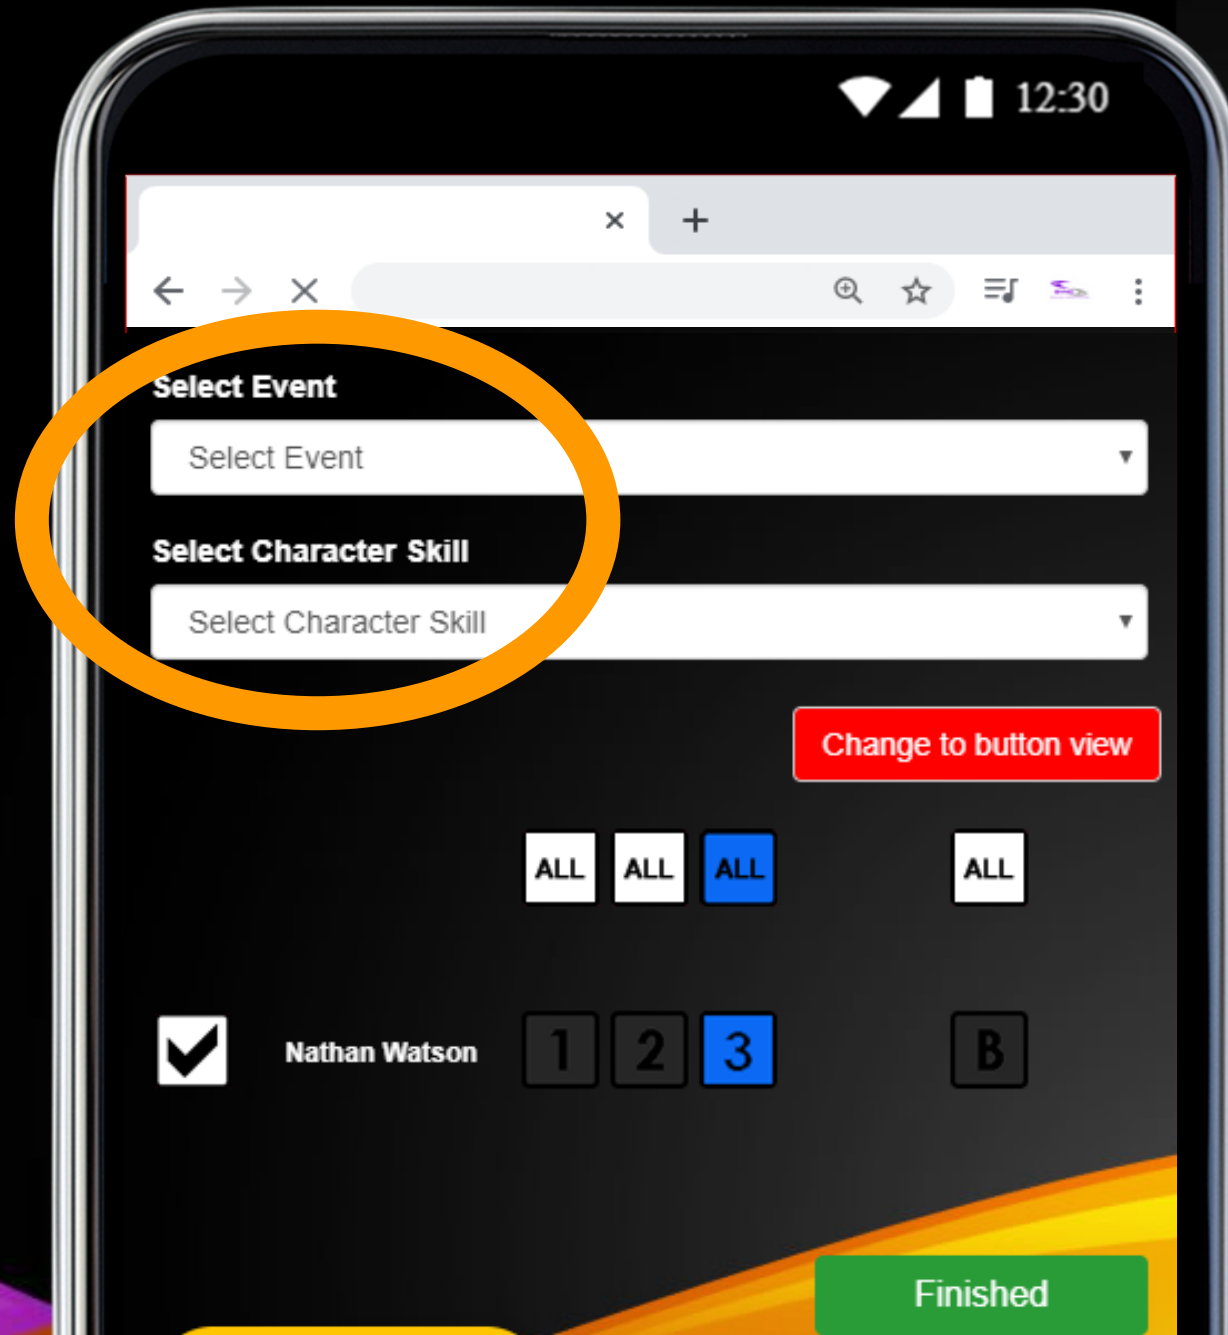

To score your child, tap the menu icon...

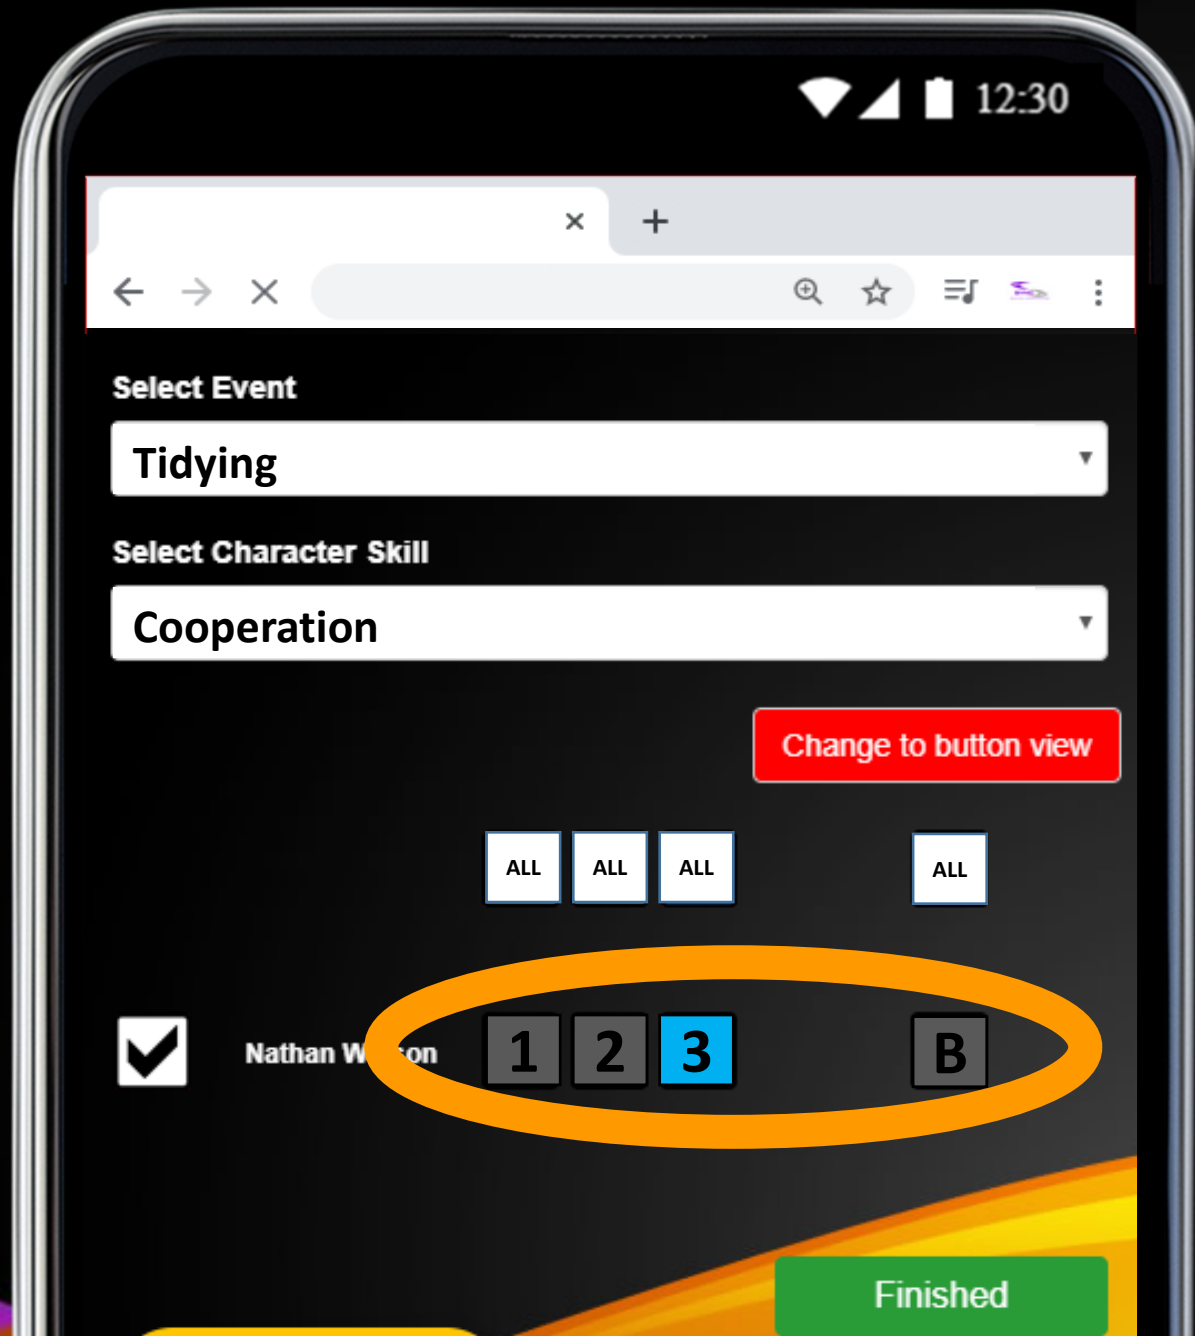

...and then tap
'Score my
children
now'...

...Now choose an event and a character skill. For example you could choose the event: 'Tidying' and the character skill: 'Cooperation'.

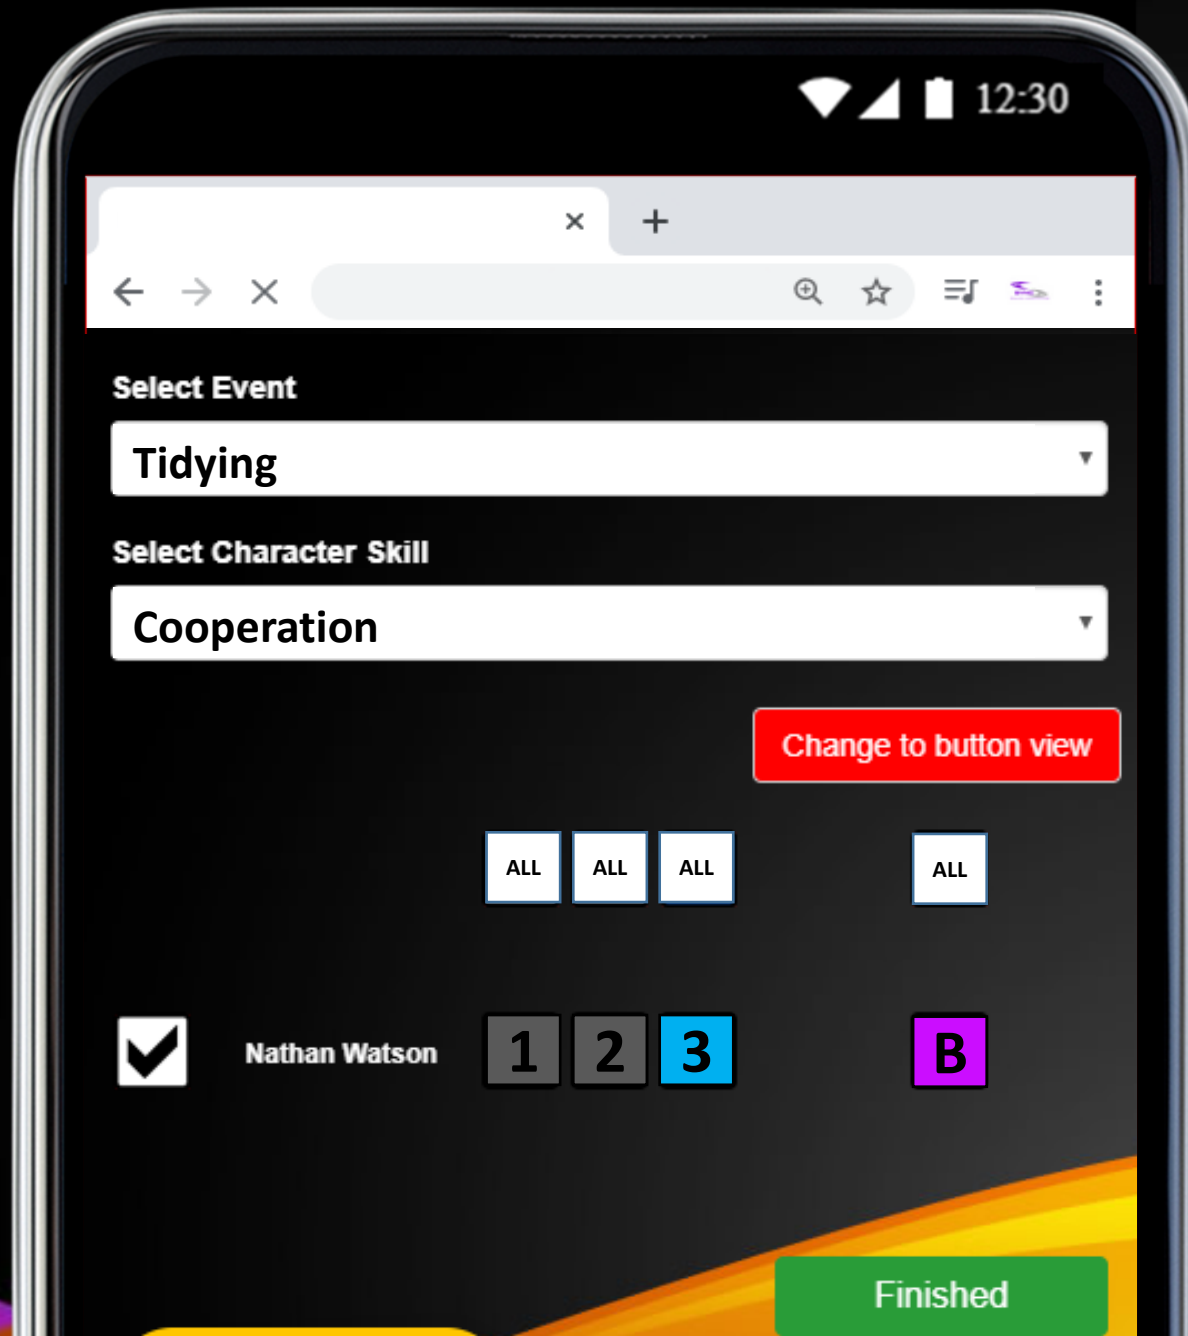

Throughout the activity, you can use these score buttons to adjust your child's score.

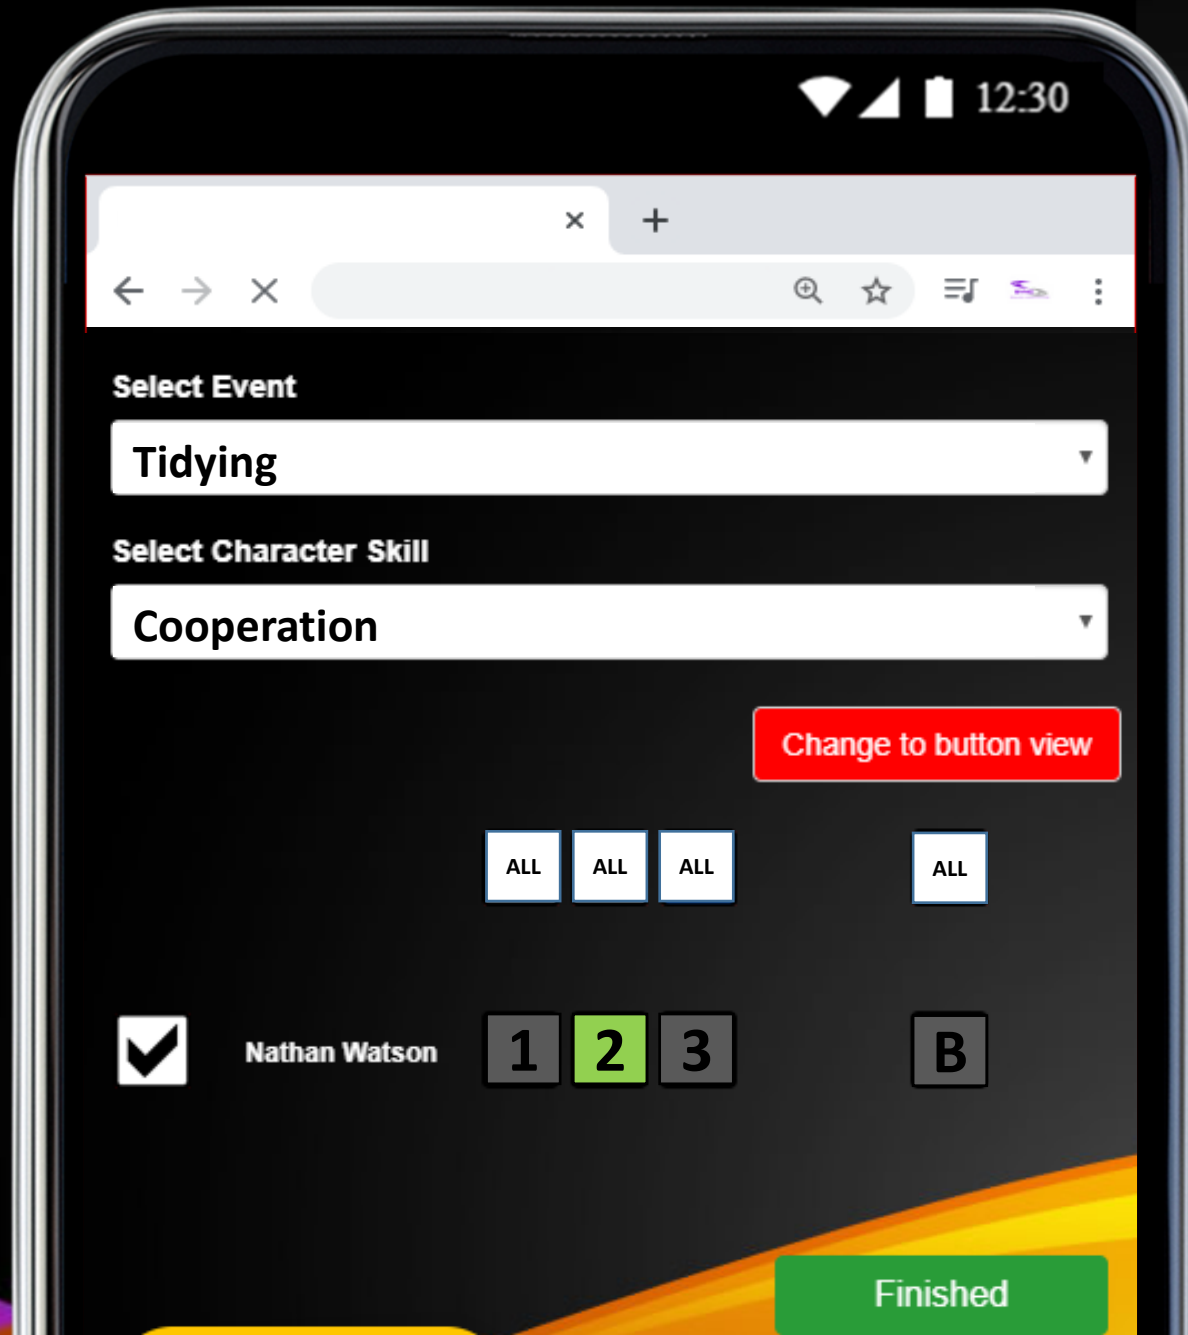

To keep things positive, your child starts every activity on a 3 score.

The aim to help them stay on a 3 score or even go on to earn a Bonus Point.

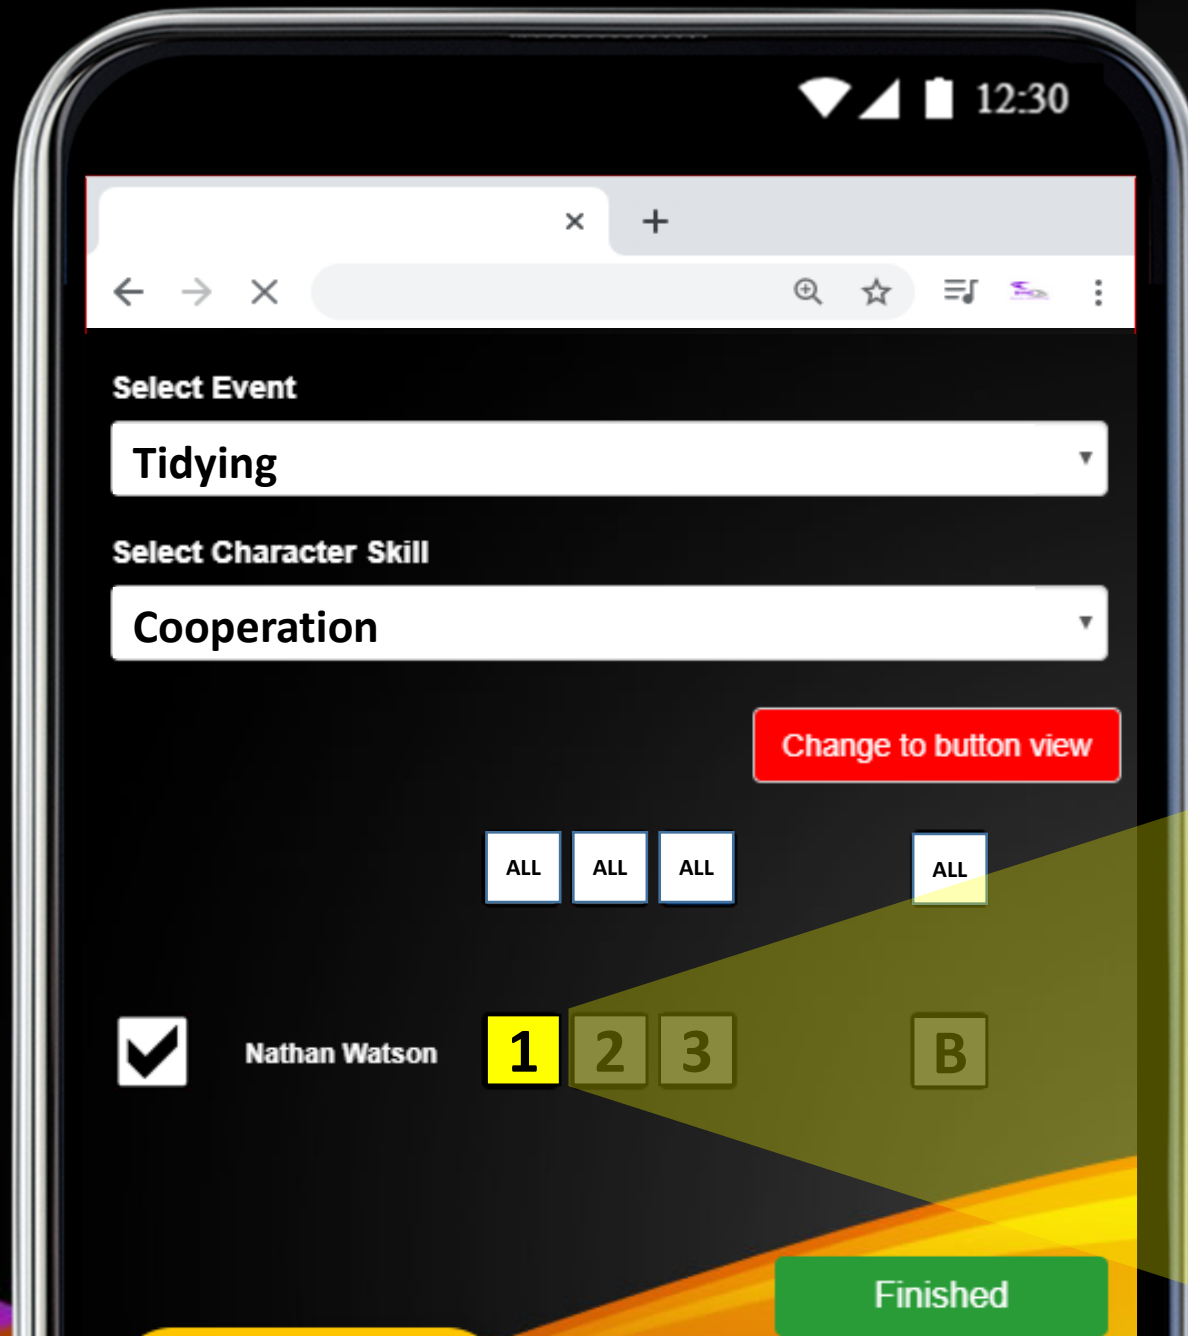

At times, they may drop down to a 2 or even a 1 score.

But you can give them lots of opportunity to move back up to a 3 score.

A 1 score means their effort and attitude needs to improve.

More Effort Needed!

Better Attitude Needed!

Finished

A 2 score means their effort is good, but their attitude still needs to improve.

12:30

Select Event
Tidying

Select Character Skill
Cooperation

Change to button view

	ALL	ALL	ALL	ALL	
<input checked="" type="checkbox"/>	Nathan Watson	1	2	3	B

Finished

Good Effort!

Better Attitude Needed!

A 3 score
means both
their effort
and attitude
are great!

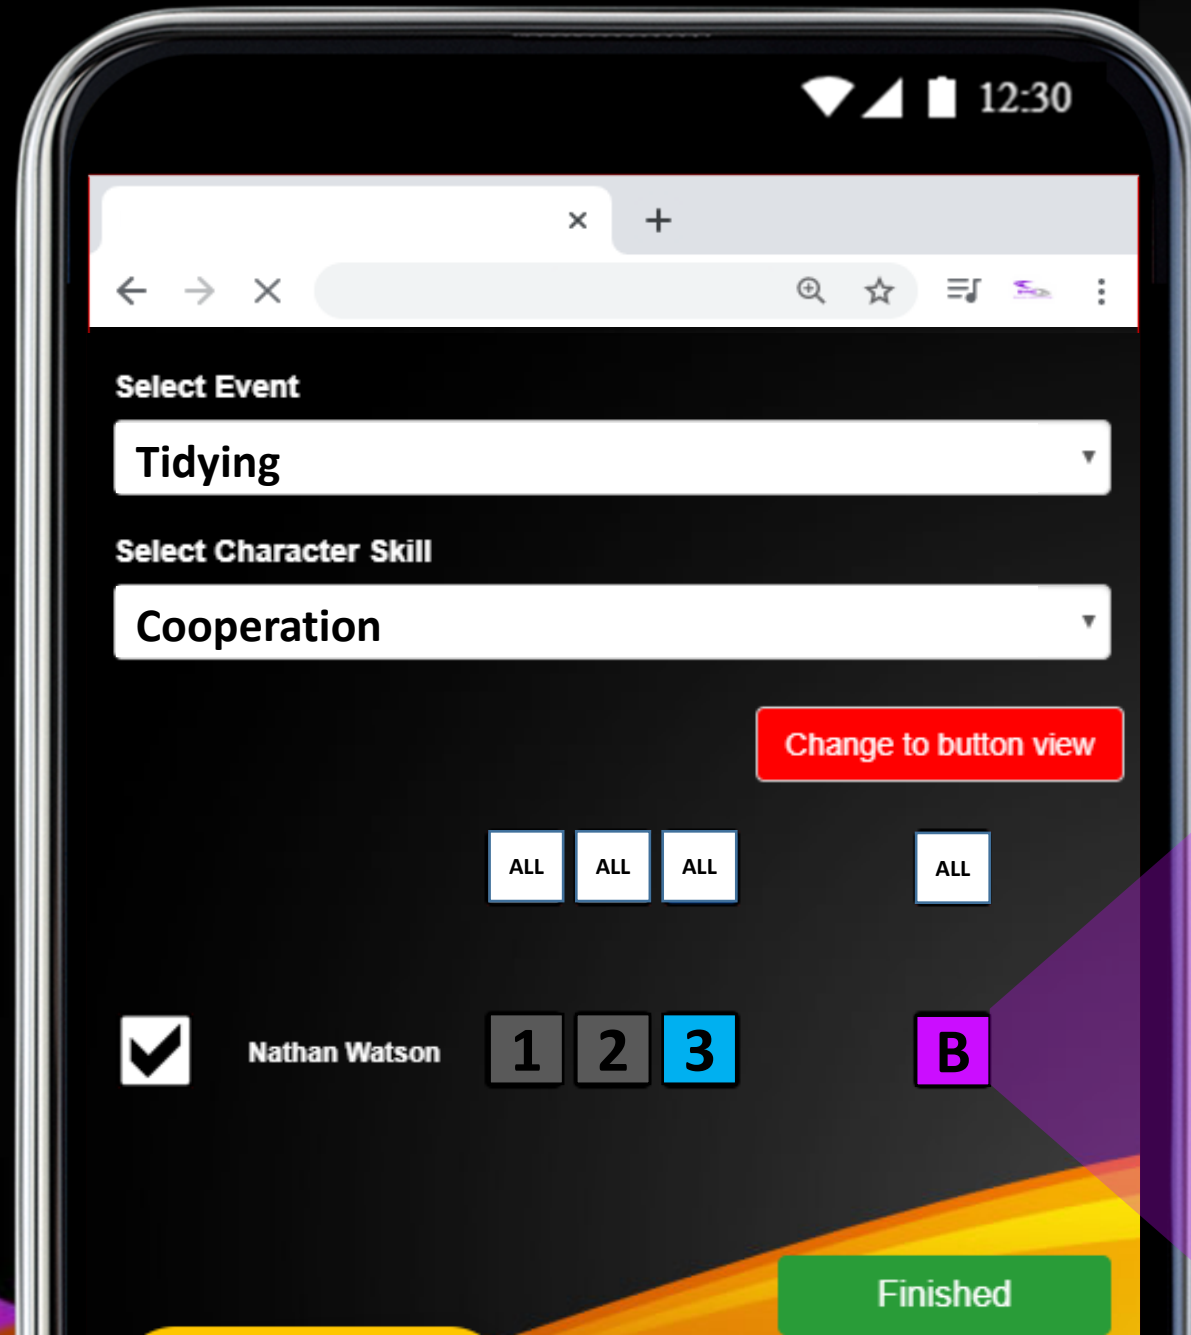

The image shows a smartphone screen displaying a data entry application. At the top, the status bar shows signal strength, Wi-Fi, battery, and the time 12:30. The browser address bar is empty. The main form has two dropdown menus: 'Select Event' with 'Tidying' selected, and 'Select Character Skill' with 'Cooperation' selected. A red button labeled 'Change to button view' is positioned to the right of the second dropdown. Below the dropdowns are four 'ALL' buttons. A table lists a user named 'Nathan Watson' with a checked checkbox, and three score buttons: '1', '2', and '3'. The '3' button is highlighted in blue. To the right of the scores is a 'B' button. At the bottom of the screen is a green 'Finished' button.

Great Effort!

Great Attitude!

Finished

A 3 score with a Bonus Point means that as well as showing great effort and attitude, they're also displaying additional character skills.

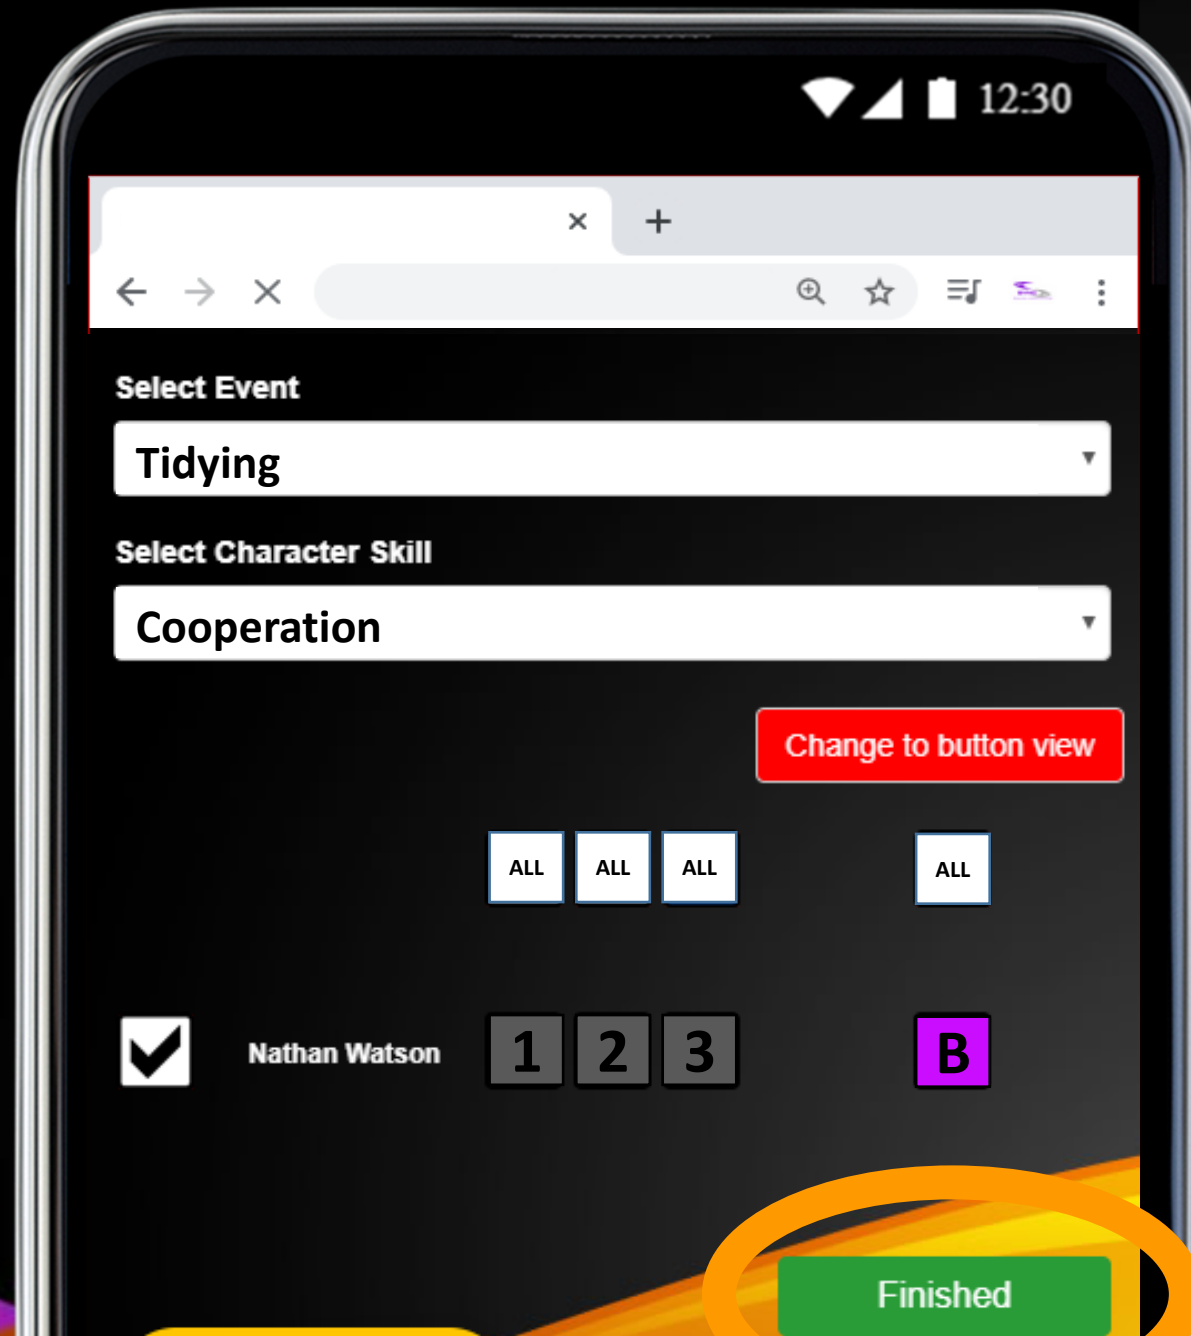

Great Effort!

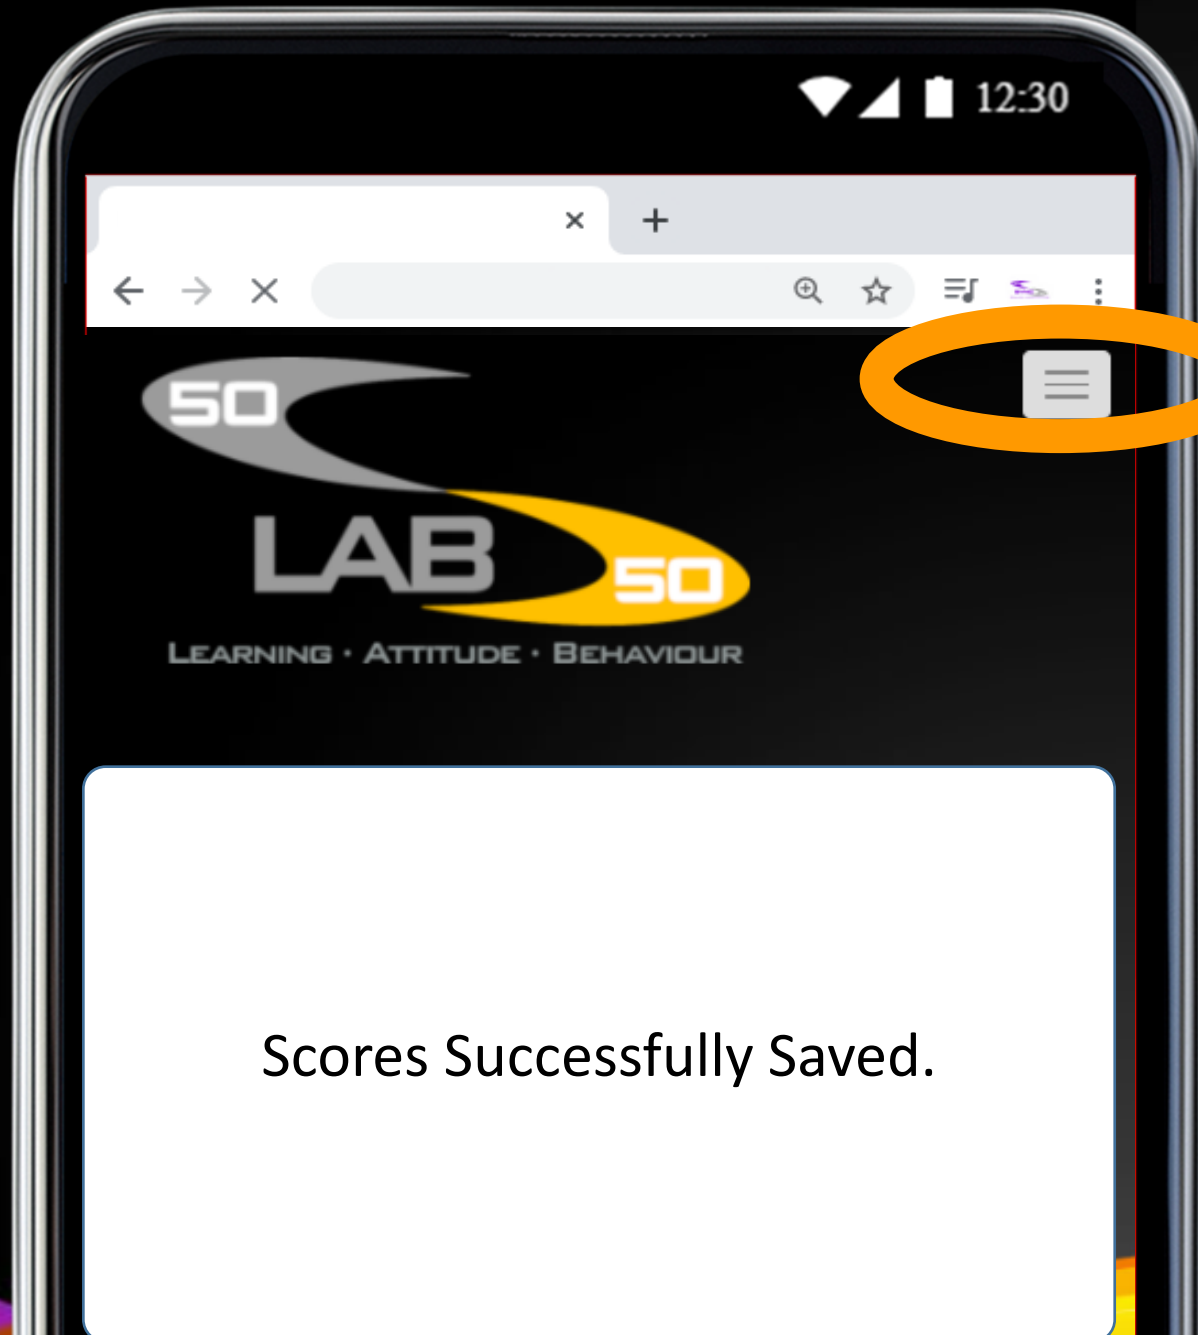

Great Attitude!

Displaying Additional
Character Skills!

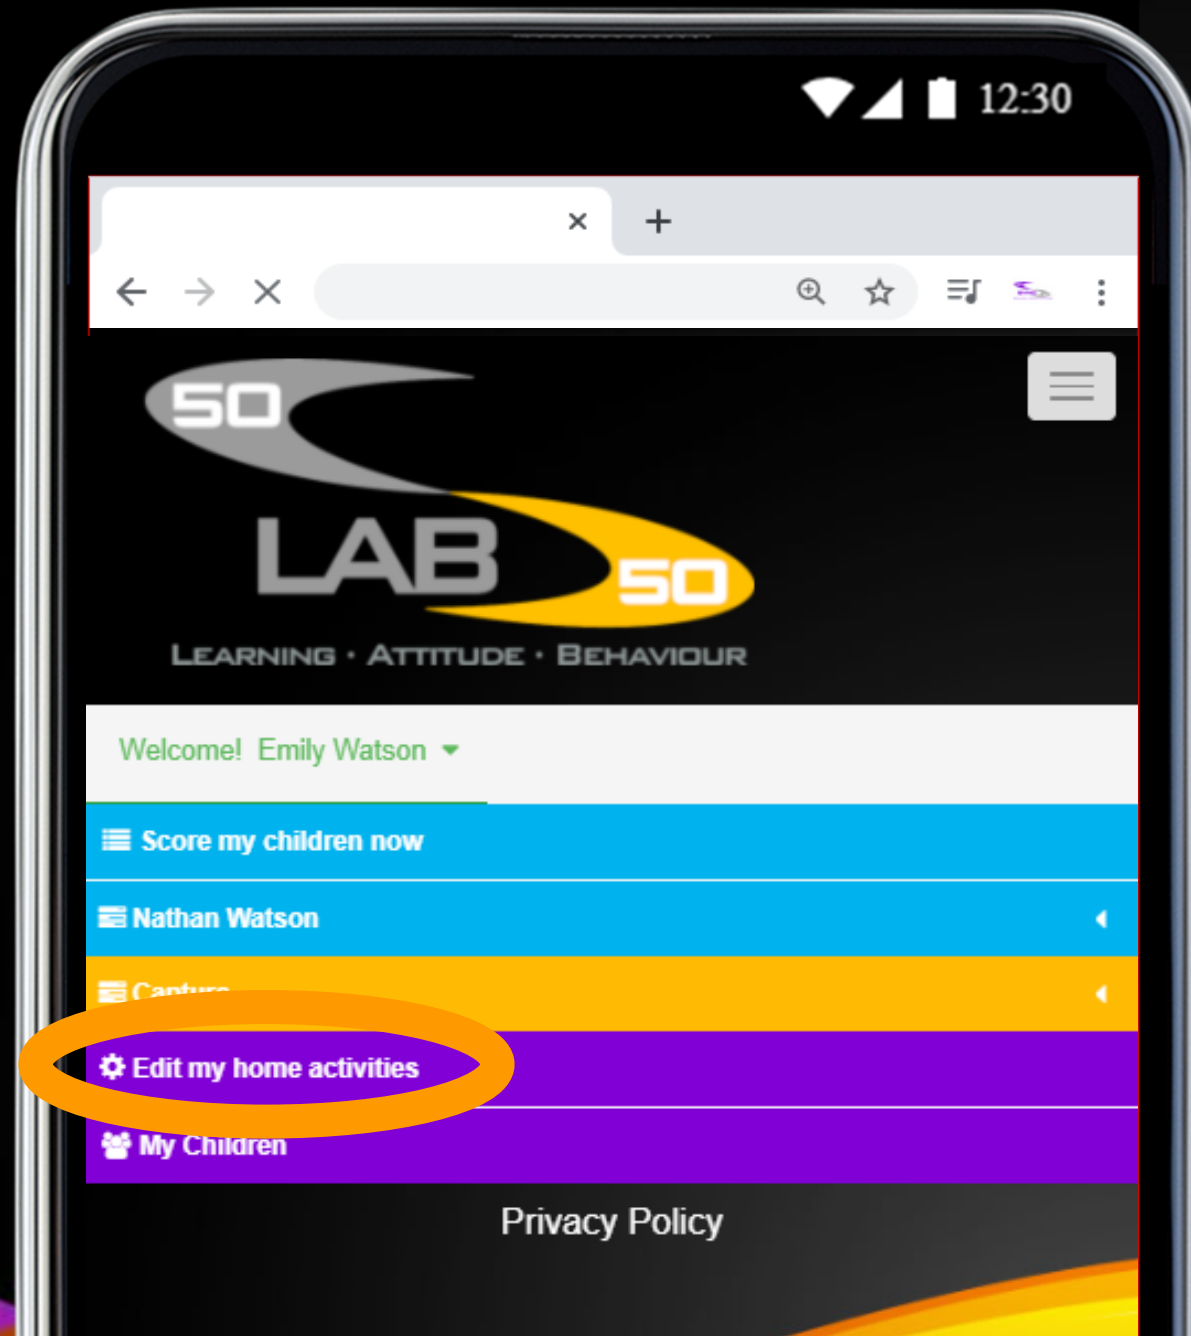

When the activity is over, tap 'Finished' to save the score.

You can create your own custom home activities by tapping the menu icon...

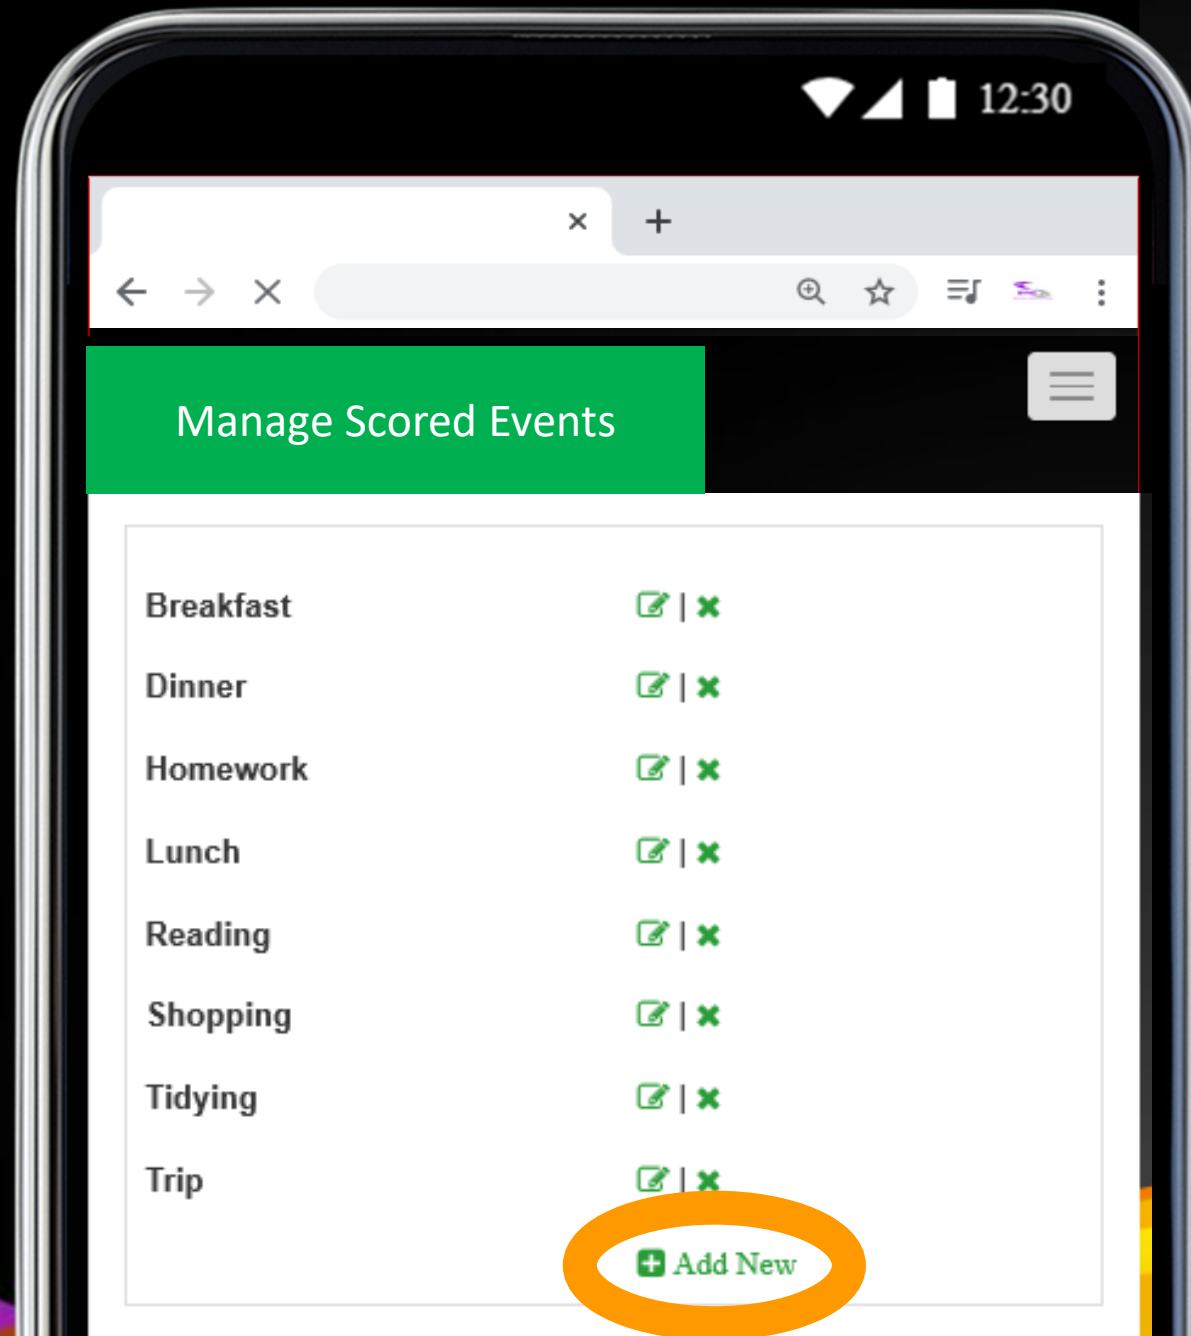

...and then tap
'Edit my home
activities'...

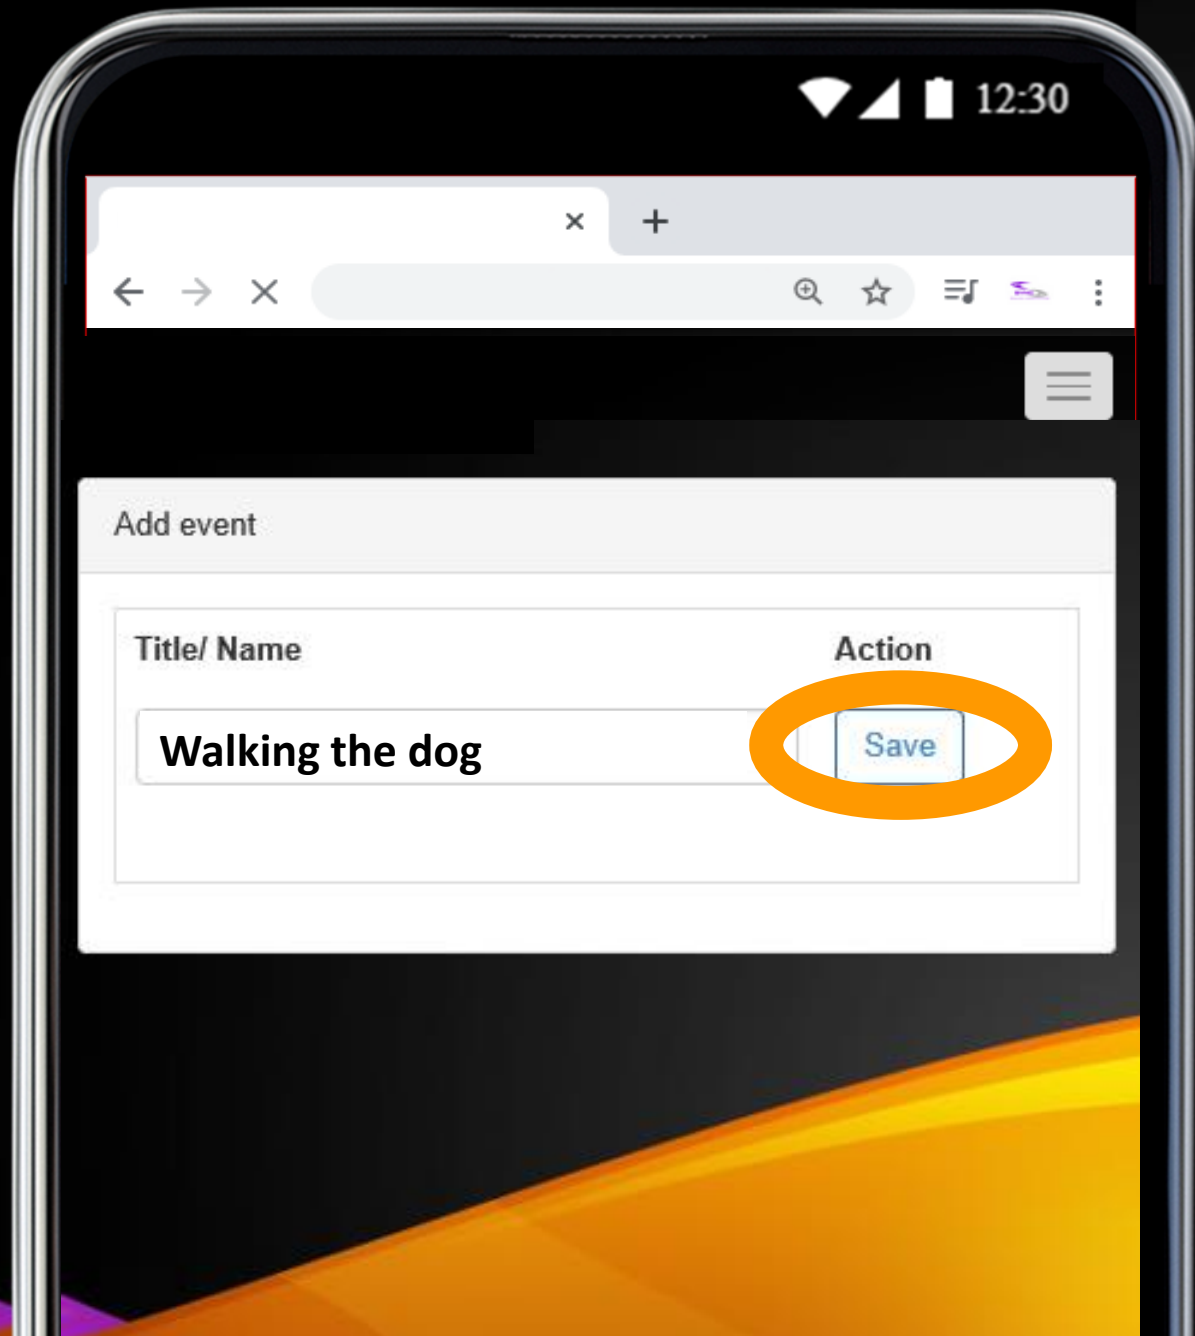

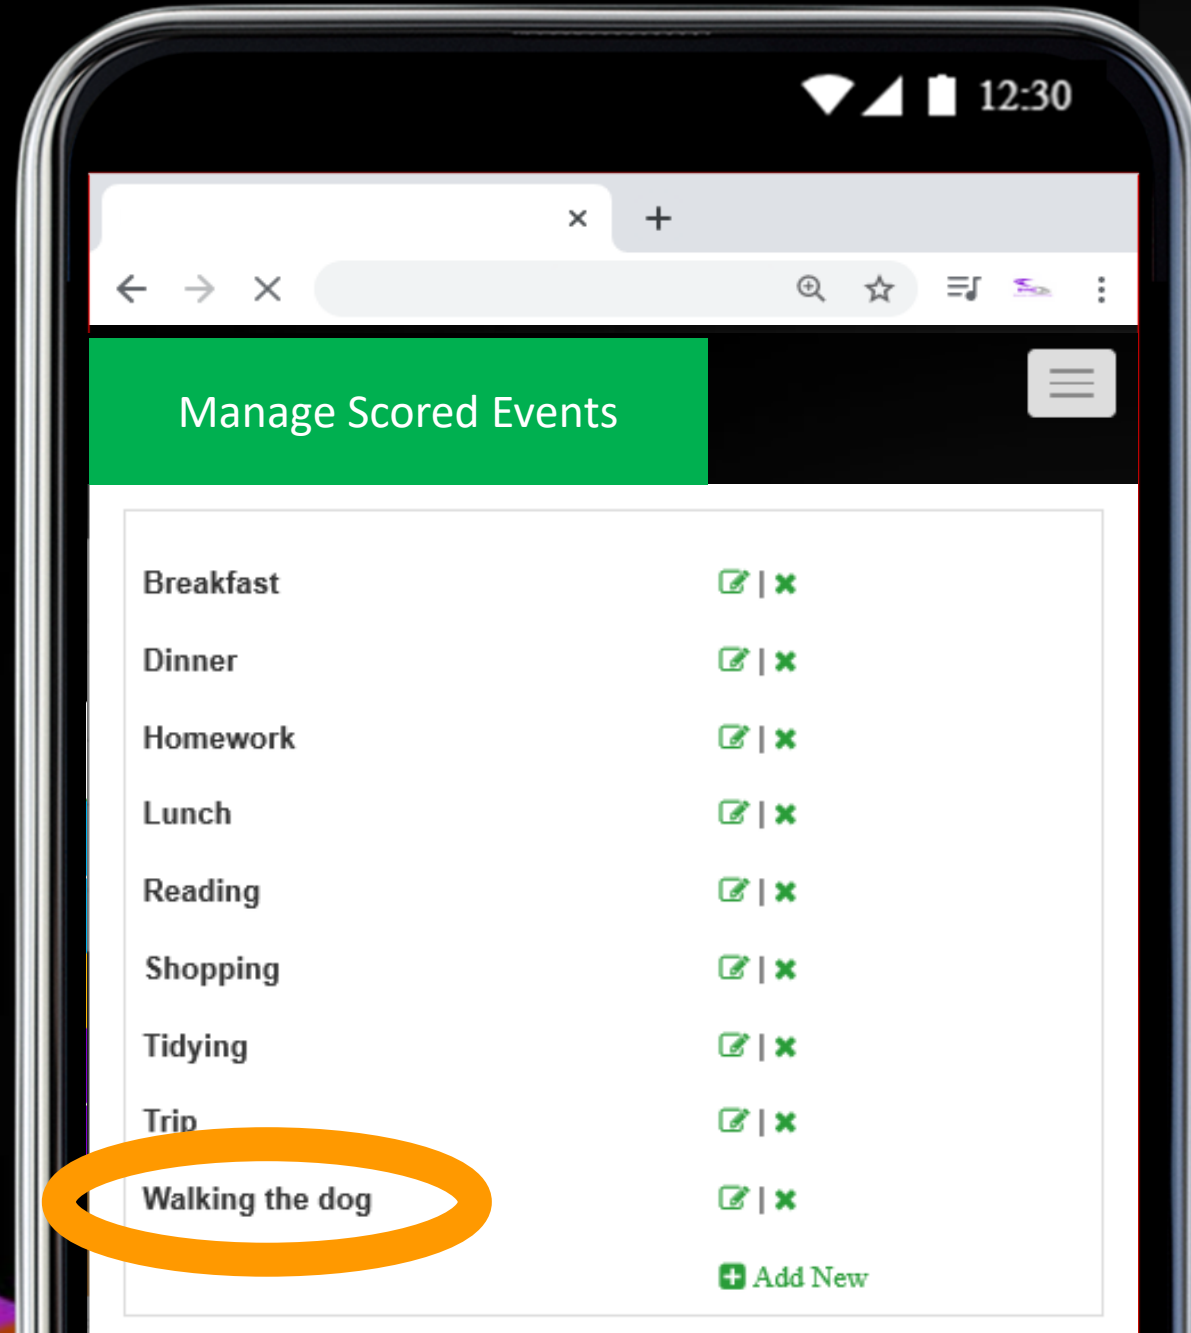

You can see a
list of the
activities.

Tap add new
to create a
new one.

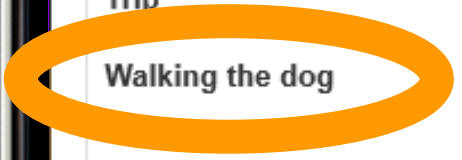

Type your own custom activity, for example 'Walking the dog', and then tap 'Save'.

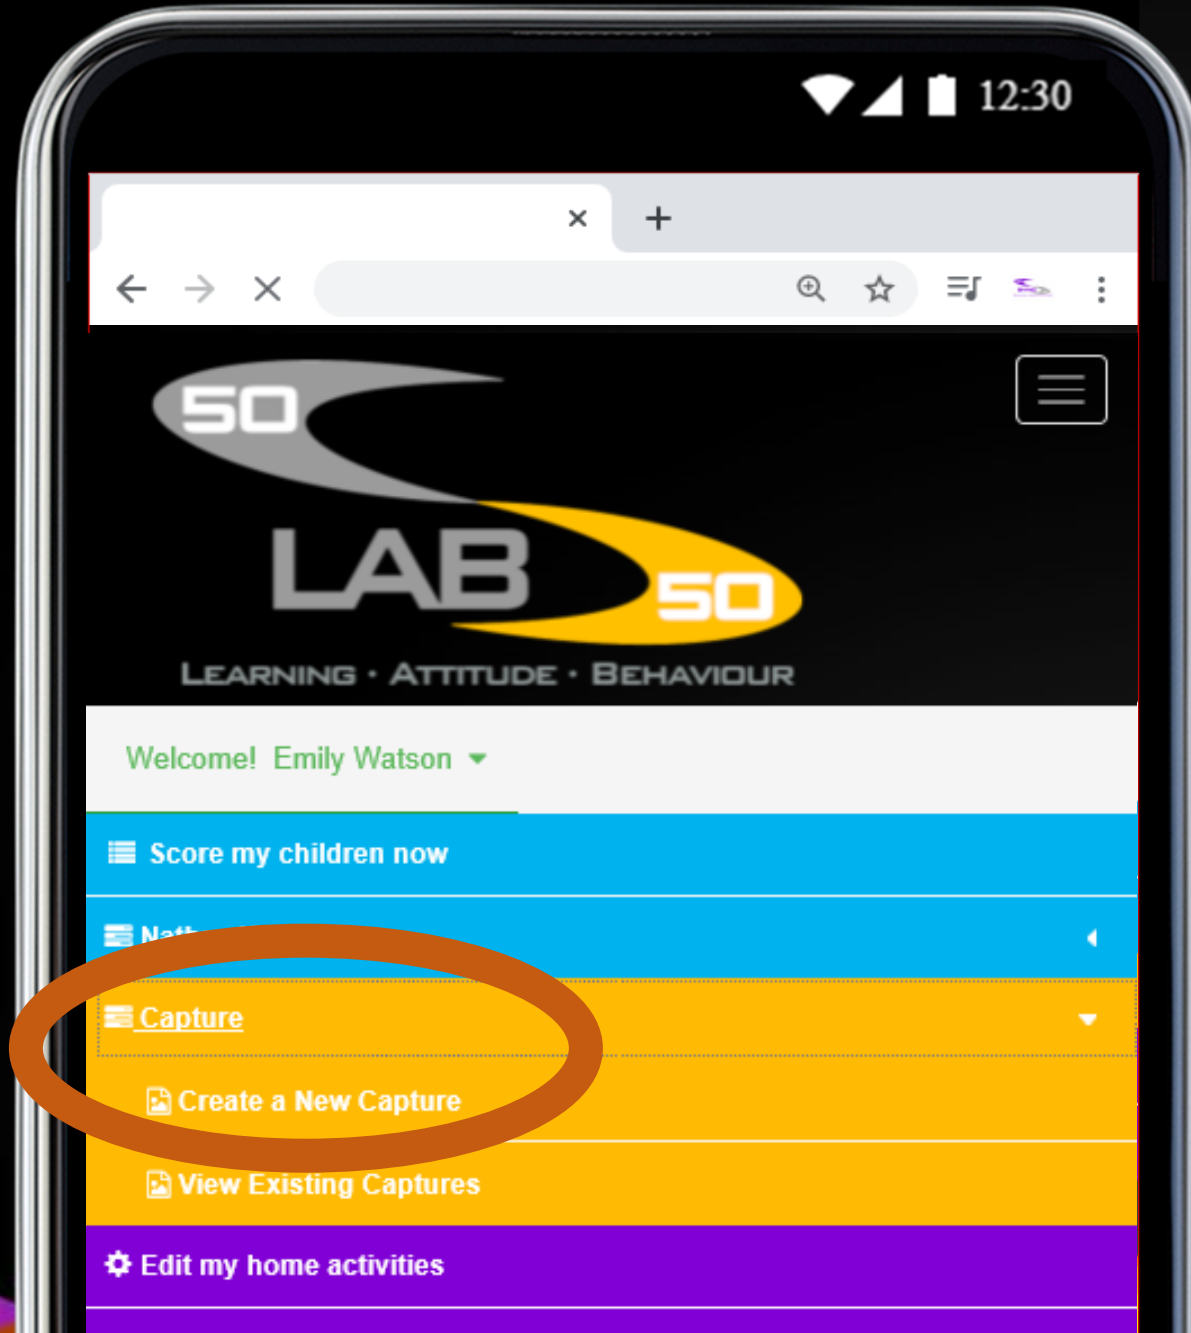

It's now added to your list.

Publishing a Capture

You can also publish photo captures of your child by tapping the menu icon...

...tap 'Capture'
and then tap
'Create a New
Capture'...

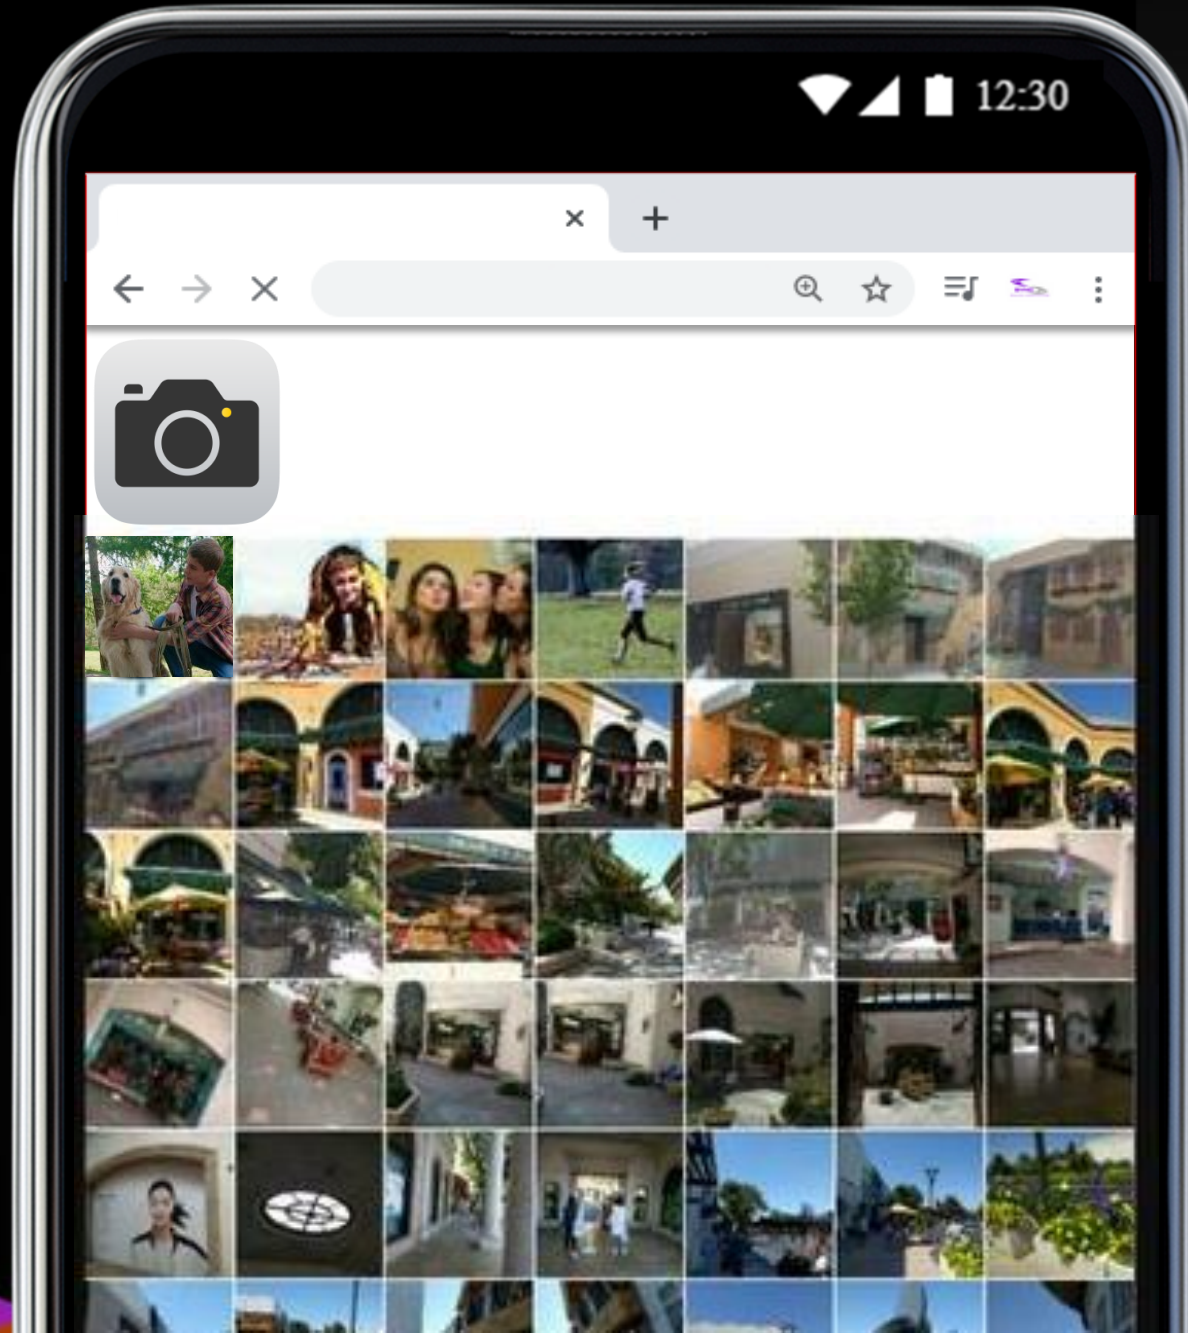

...choose the event, the character skill and the score.

Then select which children are doing the activity and then tap 'Get Photo'...

The image shows a smartphone screen displaying a mobile application interface. At the top, the status bar shows signal strength, Wi-Fi, battery, and the time 12:30. The app interface includes a browser-like header with navigation icons (back, forward, close, search, star, music, home, and menu). Below the header, there is a date input field containing '26/04/2020'. Underneath the date is a row of radio buttons for location selection: 'School', 'Sport', and 'Home', with 'Home' selected. The next field is a text input containing 'Walking the dog'. Below that is another text input containing 'Independence'. The following field is a text input containing '3 Score & Bonus Point'. Underneath this is a list of children with a checkbox and a name: a checked checkbox next to 'Nathan Watson'. To the right of the name is a red button labeled 'Get Photo'. At the bottom of the form is a large text input field with the placeholder text 'Type a description'. Below the description field is a grey button labeled 'Add Capture'.

Add Capture

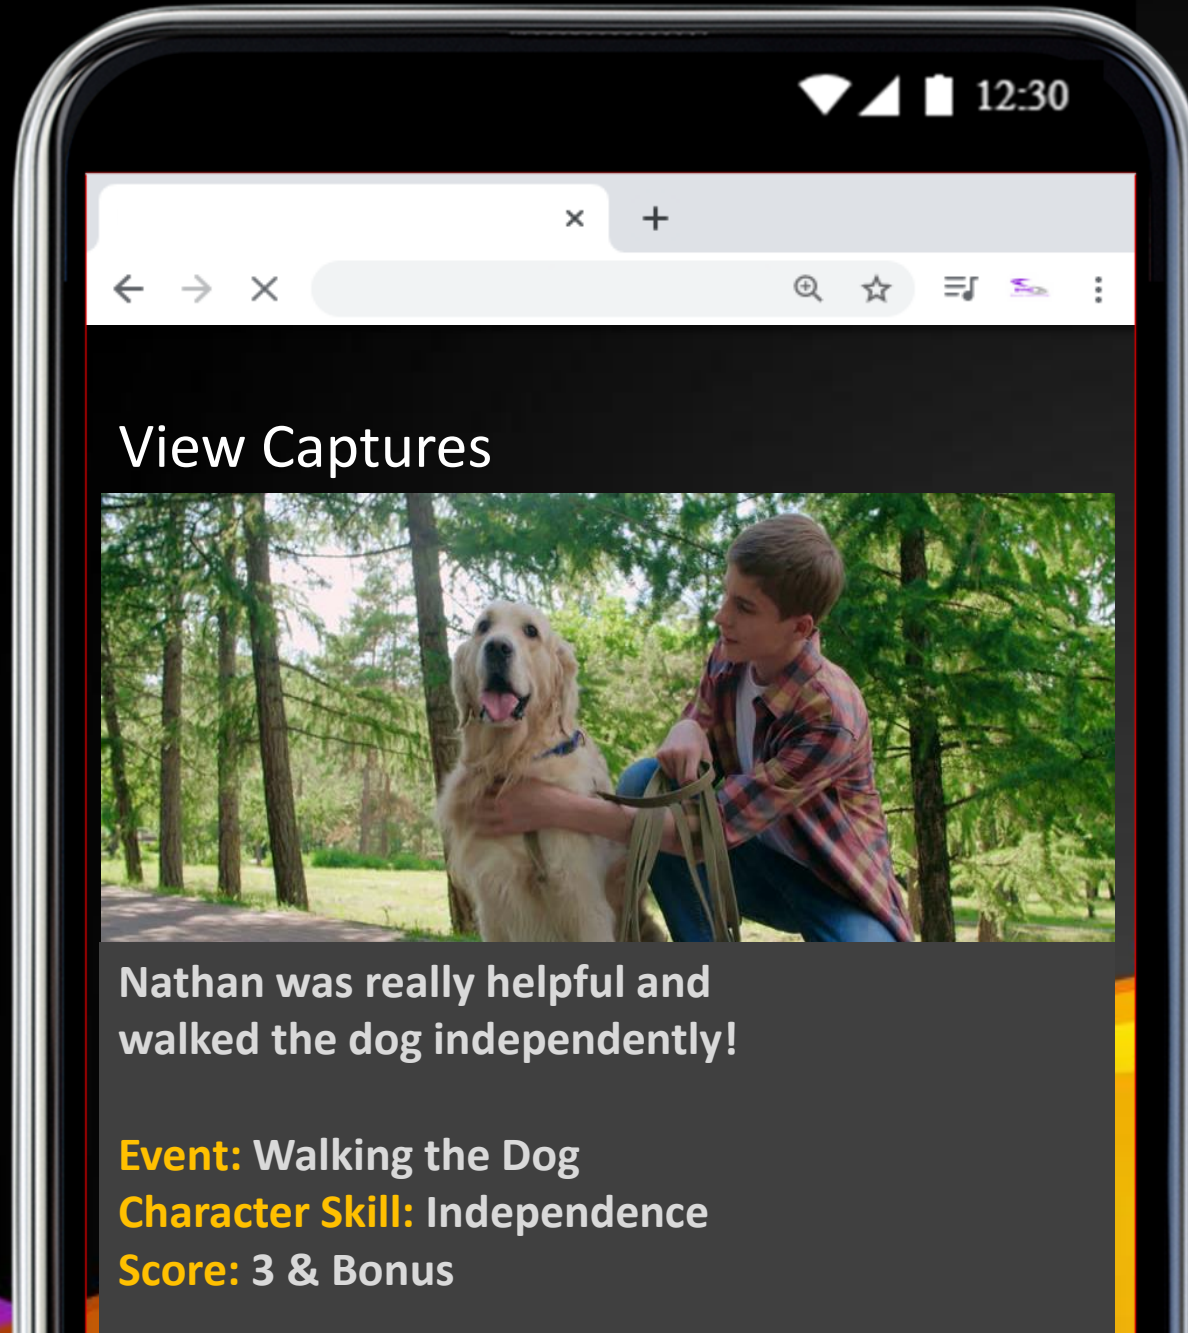

You can take a new photo or choose an existing one from your gallery.

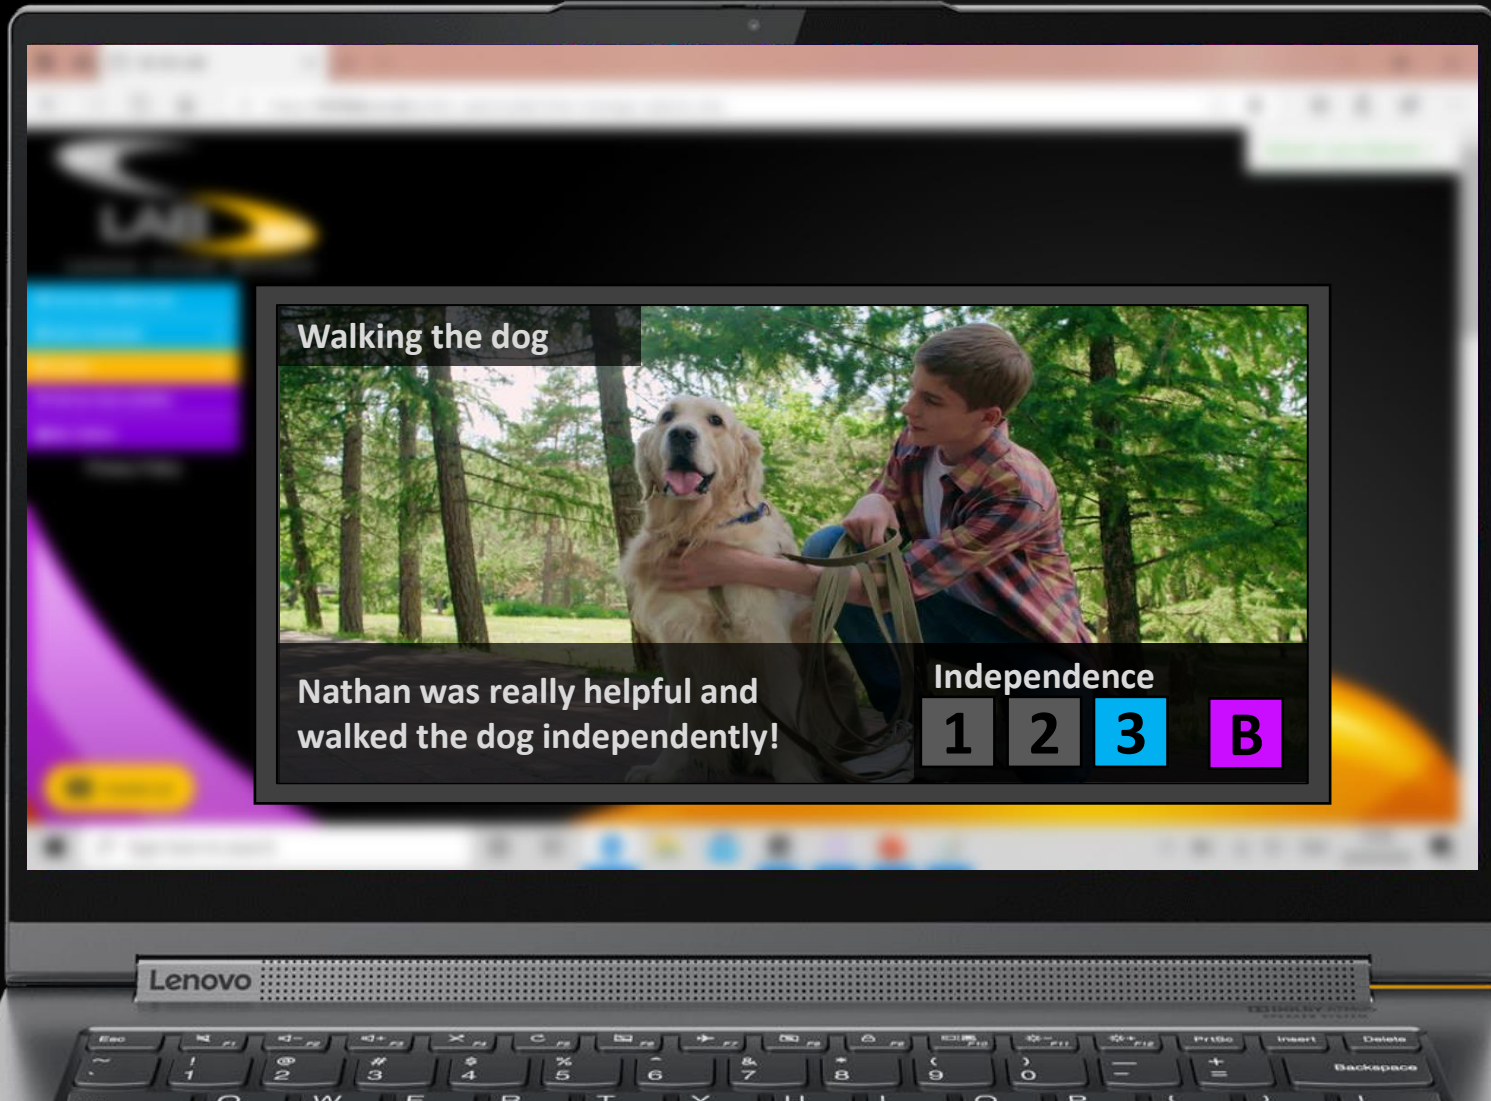

Now type a brief description of what your child was doing and then tap 'Add Capture'.

The image shows a smartphone screen displaying a mobile application interface. At the top, the status bar shows signal strength, Wi-Fi, battery, and the time 12:30. The app interface includes a browser-like header with navigation arrows, a search icon, a star icon, and a menu icon. Below the header, there is a date input field containing '26/04/2020'. Underneath the date, there are three radio button options: 'School', 'Sport', and 'Home', with 'Home' selected. The next field contains the text 'Walking the dog'. Below that is a field with 'Independence'. The following field contains '3 Score & Bonus Point'. There is a checked checkbox next to the name 'Nathan Watson', and a red button labeled 'Get Photo' to its right. Below the name and button is a small photograph of a boy (Nathan Watson) standing next to a golden retriever dog. At the bottom of the form, there is a text area containing the description 'Nathan was really helpful and walked the dog independently!'. Finally, there is a grey button labeled 'Add Capture' at the bottom right of the screen.

You can view a simple version of your captures on your mobile or tablet.

If you use a laptop or PC, you can view or print a high quality version of the capture.
